

## TASKI Tapi Gum

### Chewing gum remover

# C4q

#### Description

Aerosol freeze spray for chewing gum removal.

#### Key properties

- Freezes the chewing gum to be removed
- Does not contain CFC's

#### Benefits

- Effective, fast and total elimination of chewing gum from carpets without damaging the fibres.

#### Use instructions

##### Dosage:

The product is ready to use. Use neat.

##### Application:

Insert the tube into the spray head valve. Spray directly onto the chewing gum and immediately scrape off using a plastic scraper, to avoid fibre damage. Remove frozen pieces e.g with a vacuum cleaner and repeat treatment if necessary.

Immediately after application, the product might leave a frost spot which will disappear after a few minutes.

##### Important:

Test colour fastness and material compatibility in a inconspicuous place before use. Contents under pressure. Do not puncture or incinerate container (even when empty). Do not spray towards open flame and glowing objects and avoid skin contacts (risk of freezing).

#### Technical data

- Appearance: colourless

The above data is typical of normal production and should not be taken as a specification.

#### Safe handling and storage information

##### Safe handling:

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

For professional use only

##### Storage Information:

Store in original closed containers away from extremes of temperature.

#### Available pack size

6 x 0.5L, 1 x 0.5L
