

Collection 2015

BePureHome is work in progress

After the launch of BePureHome in 2013, we are now adding new items with the same look and feel to this very successful collection. For example: beautiful blankets, vases and a supplementary desk and dining table. Moreover - two exceptional couches are now being introduced with the BePureHome collection 2015!

We have traveled a lot to collect all kinds of contemporary items and gathered loads of inspiration for our future collections. Surrounding ourselves with furniture and accessories we really enjoy bringing so much excitement to our interiors. Something old, something new, something borrowed, something Pure!

We like you to join us in this adventure!
