

TABLIK®

Introducing Tablik® — a universal tablet and iPad arm desk mount that changes the way you interface with your tablet at work and in the home office. The Tablik® arm mount suspends your iPad or tablet above the desk where it can be easily positioned for comfortable viewing or typing. Tablik® can be mounted to your desk or to your monitor and enables one-handed tablet attach and release from the mount for increased mobility in the office.

FEATURES

- Provides flexible positioning of the iPad or tablet for display or input use.
- Revolutionary puck with clean, removable gel adhesive mounts to any iPad or tablet and any tablet case.
- Arm mount quickly attaches to desk edge. Option to bolt through desk (hardware not included).
- Exceeds BIFMA standards for technology mounting devices.
- Universal desk mount works with all tablets and tablet cases.
- Grab-and-go interface that adheres tablet and puck to arm via magnet and allows for one-handed attach and release from the arm mount.
- VESA mount option available for dual screen computing.
- Comprised of 99% recyclable content.

FINISHES

GRAY DUOTONE

HOW IT WORKS

Simply attach the Tablik® disc to **any tablet or tablet case**. The disc uses a gel adhesive that holds strongly to your device, yet removes cleanly—leaving no residue.

The embedded magnet allows for an instant, one-handed attach and release.

Grab-and-go interface.

Flexible extension arm.

VESA mount option available for dual screen computing.
