

Material Safety Data Sheet

According to EU Regulation No. 1907/2006

Issued on: 1 December 2015

Premium ABS

1. Identification of the substance/preparation and of the company

- 1.1 Trade name: Premium ABS
- 1.2 Chemical name: ABS based polymer blend
- 1.3 Typical use of the material: Monofilament for FFF/FDM technology based 3D printing
- 1.4 Identification of the company: Formfutura VOF
Groenestraat 215
6531 HH Nijmegen
The Netherlands
- Phone: +31 (0)85 002 0881
- Emergency phone number: +31 (0)30 274 8888**

2. Identification of the substance/preparation and of the company

- 2.1 Risk advise to man and the environment: No risk exists to the health of users if the product is handled and processed properly.
- 2.2 Classification of the substance or mixture: Not classified as dangerous according to Directive 67/548/EEC and/or 1999/45EC
- 2.3 Special advice on hazards: Danger of burns while handling the heated or molten product.

3. Composition / information on ingredients

- 3.1 Chemical nature: Blend of ABS based polymers enhanced for 3D printing
- 3.2 CAS number: ABS: 9003-56-9 (> 98%)
- 3.3 Additional information: No harmful substances used.

4. First-aid measures

- 4.1 If inhaled: After inhalation of decomposition products, gases or dust, bring the affected person to a source of fresh air and keep calm. Contact a physician in case of discomfort.
- 4.2 On skin contact: In case of contact with melted material, immediately cool the skin with plenty of cold running water. Removal of adhering to skin polymer, or burns caused by molten material require hospital treatment.
- 4.3 On contact with eyes: In case of contact with eyes, rinse open eyes thoroughly with water. If irritation develops, seek immediate medical attention.
- 4.4 On ingestion: No effects known. Rinse mouth with water and then drink plenty of water. Seek medical attention if difficulties or discomfort occur.
- 4.5 Note to the physician: Treat symptomatically

5. Firefighting measures

Material Safety Data Sheet

According to EU Regulation No. 1907/2006

Issued on: 1 December 2015

- 5.1 Suitable extinguishing media: Dry extinguishing media, foam, water, CO₂, or fog.
- 5.2 Specific hazards: Carbon monoxide (CO), carbon dioxide (CO₂), and hydrogen cyanide during incomplete combustion. The substances mentioned can be releases at highly elevated temperatures and in case of fire.
- 5.3 Special protective equipment: Full protective clothing and self-contained breathing apparatus.
- 5.4 Further information: Fine dust dispersed in air may ignite. Risk of ignition followed by flame propagation or secondary explosions shall be prevented by avoiding accumulation of dust.
Dispose of fire debris and contaminated extinguishing water in accordance with official regulations.

6. Accidental Release Measures

- 6.1 Personal precautions: Use personal protective equipment/clothing (see Section 8). Avoid eye contact and dust formation and remove all sources of ignition. Sweep up to prevent slipping hazard.
- 6.2 Environmental precautions: Prevent entry into drainage systems, or surface water.
- 6.3 Methods for cleaning up: Sweep/shovel into suitable container for disposal. Avoid raising dust and ensure adequate ventilation.

7. Handling and storage

- 7.1 Handling: Handle in a well ventilated area. Install local exhaust at 3D printers area is recommended when many printers are operated at once. Avoid contact with heated or molten product. Use personal protective equipment (see Section 8). Avoid dust formation and electrostatic charge. Keep away from fire ignition sources.
- 7.2 Storage: Protect from water, moisture and direct sunlight. Store material in dry rooms and keep material in closed packaging/container with desiccant when not in use. Store at ambient temperatures. Avoid all sources of ignition.
- 7.3 Precautions: No special precautions required.
- 7.4 Specific end use(s): Primarily used for 3D printing.

8. Exposure controls / personal protection

- 8.1 Occupational exposure limits: Given suitable ventilation it can be that the threshold limits will not be reached.
- 8.2 Exposure controls: Provide appropriate exhaust ventilation at places where dust is formed. Avoid electrostatic charge by use of grounding cables.
- 8.3 Personal protective equipment
- 8.3.1 Hand protection: Wear heat protection gloves, preferably cotton or leather, when handling hot molten product.
- 8.3.2 Eye protection: Wear protective glasses, preferable with side-shields.
- 8.3.3 Skin and body protection: Wear (protective) clothing to avoid direct exposure of skin to hot molten product when handling.

Material Safety Data Sheet

According to EU Regulation No. 1907/2006

Issued on: 1 December 2015

8.3.4 Safety and hygiene measures: Avoid contact of hot molten material to skin. Avoid inhalation of dust, mists and vapours. Eye wash fountains and safety showers must be easily accessible. Handle in accordance with good industrial hygiene and safety practice. No eating or drinking during working.

8.4 Environmental exposure controls: Prevent entry into drainage systems, or surface water.

9. Physical and chemical properties

9.1 Form: Granules
9.2 Colour: Natural
9.3 Odour: Weak, characteristic
9.4 Melting point/range: > 100 °C (DIN EN ISO 306)
9.5 Auto-ignition temperature: Not self-igniting / Not highly flammable
9.6 Explosions limit: Not specified
9.7 Density: 1.03 g/cc
9.8 Solubility in water: Insoluble

10. Stability and reactivity

10.1 Stability: Product is stable at recommended storage conditions.
10.2 Conditions to avoid: Avoid extreme heat and all sources of ignition. Thermal decomposition +/- 300°C.
10.3 Substances to avoid: Strong oxidizing agents.
10.4 Hazardous reactions: The product is chemically stable.
10.4.1 Hazardous decomposition products: Carbon monoxide (CO), carbon dioxide (CO₂), hydrogen cyanide, and other gaseous products of degradation can be given off if the product is greatly overheated.

11. Toxicological information

11.1 Information on toxicological effects: Toxicological data has not been determined for this product. Information is based on similar products.

11.1.1 Acute toxicity

Inhalation:	No data available, but not expected.
Ingestion:	After ingestion gastrointestinal irritation, stomach pain or nausea are possible..
Skin contact:	No data available, but might cause irritation of skin.
Eye contact:	No data available, but might cause irritation of eyes.

11.1.2 Irritation

Skin:	Dust can cause irritation of skin.
Eye:	Dust can cause irritation of eyes.

11.1.3 Sensitization: Not expected to be a skin sensitizer.
11.1.4 Repeated dose toxicity: Not expected to cause toxic effects.
11.1.5 Carcinogenicity: No data available, but not expected.
11.1.6 Mutagenicity: No data available, but not expected.
11.1.7 Toxicity for reproduction: No data available, but not expected.

11.2 Other information:

11.2.1 Styrene:

- Harmful if inhaled. Causes damage to organs through prolonged or repeated exposure.
- Lung damages.
- May be fatal if swallowed and enters airways.

Material Safety Data Sheet

According to EU Regulation No. 1907/2006
Issued on: 1 December 2015

- 11.2.2 Acrylonitrile:
- Causes serious eye and skin irritation.
 - Toxic by inhalation, in contact with skin and if swallowed.
 - May cause cancer. Suspected of damaging the unborn child.
 - Causes skin irritation and cause an allergic skin reaction.
- 11.2.3 1,3-Butadiene:
- Causes serious eye damage.
 - May cause cancer.
 - May cause genetic defects.

12. Ecological information

- 12.1 Information on eco-toxicity: No ecological toxicity data has been generated for this product. There are no test results available and information is based on similar products.
- 12.1.1 Ecological toxicity effects: No negative ecological effects are known at the present state of knowledge.
- 12.2 Mobility in soil: No data available.
- 12.3 Persistence and degradability: No data available concerning biodegradation and elimination.
- 12.4 Bioaccumulation potential: The product will not be readily bioavailable.

13. Disposal considerations

- 13.1 Product: Generation of waste should be minimized, check possibility for recycling. Waste product can be incinerated or dumped together with domestic waste in compliance with local authority requirements.
- 13.2 Packaging: Packaging material has to be emptied completely and disposed in accordance with the regulations. Packaging can be recycled if not contaminated.

14. Transport information

- 14.1 International Air Transportation Association Classification (IATA): This product is not classified as hazardous.
- 14.2 International Maritime Organization (IMDG): This product is not classified as hazardous.
- 14.3 14.3 UN, IMO, ADR/RID, ICAO Code: This product is not classified as hazardous.

15. Regulatory information

15.1 EU / National regulations: No data available

15.2 USA regulations:

15.2.1 NFPA Hazard Rating: Health: 1 (Slight)
Fire: 1 (Slight)
Reactivity: 0 (Minimal)

15.2.2 HMIS Version III Rating: Health: 1 (Slight)
Flammability: 1 (Slight)
Physical Hazard: 0 (Minimal)
Personal Protection: X (= Consult your supervisor)

HEALTH	1
FLAMMABILITY	1
PHYSICAL HAZARD	0
PERSONAL PROTECTION	X

15.3 Chemical Safety Assessment: For this substance a chemical safety assessment is not required.

Material Safety Data Sheet

According to EU Regulation No. 1907/2006

Issued on: 1 December 2015

16. Other information

Company name: Formfutura VOF

Additional data: In addition to the information given in this Material Safety Data Sheet (MSDS) we refer to the products specific Technical Data Sheet (TDS).

Disclaimer: The information given in the Material Safety Data Sheet only applies to the described product in connection with its appropriate use. All information is based on the latest state of our knowledge. In particular, it describes our product under the aspect of possible hazards and pertaining safety measures. The information does not constitute any guarantee of specific product and/or quality properties. The information given in this Material Safety Data Sheet is not required according to article 31 and Annex II of Regulation (EC) No.1907/2006. It merely serves the purpose of providing sufficient information on a voluntary basis to ensure safe use of the compound/product. There is no obligation on the part of Formfutura to revise this document.
