### SYNTIX PRO – PSFD 15W50

The perfect engine oil for various performance cars such as the Nissan Skyline GTR. With Performance Strength and Flow Dynamics (PSFD), SYNTIX PRO is a full synthetic / Ester Nano Tec high performance, supreme low friction oil for competition and road use in gasoline and diesel engines for even the most demanding clients. The Ester Nano Tec-based oil contains the highest quality base oil combined with the most innovative additives. This results into an expanded viscosity range, which provides the highest level of protection, even at continuous maximum engine load and high RPM. SYNTIX PRO is our most high-end product, mostly used in a competitive environment, but also perfectly suitable for road-going vehicles. Its low friction structure results into a higher engine power output, but also reduces fuel consumption and thus contributes to a cleaner environment.

### Essential benefits

- Anti-wear and oxidation stability : superior protection.
- Temperature stability : very high stability.
- Engine protection : outstanding engine cleanliness and durability.
