SCULPTURAL MINIMALISM

K

A minimalist interior scene featuring a light-colored wooden bench with a brown leather cushion. The bench is positioned in the foreground, angled towards the right. In the background, a large window with white frames allows natural light to enter. On the windowsill, three white ceramic vases of different shapes are displayed. To the left of the bench, a small, light-colored metal magazine rack holds several books or magazines. The walls are white with subtle paneling, and the floor is a smooth, light gray. The overall aesthetic is clean and modern.

The objects in our collection consists of natural colors. Every piece has thoroughly designed details and the ability to add attitude, a sculptural and graphic touch to interior design.
