

## Skin cleansing paste for removal of heavy industrial contaminants «Riza Optima Clean»

*Gentle and effective cleansing of heavy and stubborn industrial contaminants such as oil, cements, paints, glues, grease as well as general dirt and grime, carbon and metal dust, other oily substances*

### Product features:

- Easy and quick removal of tough impurities without any damage to the skin;
- Prevents skin from transepidermal loss of water that is proved by clinical testing;
- The product efficiency is proved by laboratory investigations;
- The product is completely safe and doesn't provoke allergic reactions that is proved by independent European laboratory;
- Effective consumption;
- Provides careful cleansing with help of special cosmetics abrasive – polyethylene scrub of fine fraction with round form of particles, preventing skin from scraping;
- **Riza Optima Clean is a rich complex:**
  - Safflower oil smoothes and moisturizes.
  - Apricot pits oil provides softening and moisturizing effect.
  - Olive oil has a positive effect on the skin, softens it, regenerates, moisturizes and retains water.
  - Cotton oil provides antibacterial effect, smoothes and moisturizes the skin, nourishing it deeply and preventing skin dehydration.
  - Sunflower seeds oil cleans the skin, has high nourishing quality, stimulates skin regeneration, smoothes it, makes it healthy, provides antioxidant and antiseptic effect;
- Leaves no uncomfortable feeling after application (such as dryness, tightness);
- Has a fresh fruit fragrance, removing the unpleasant smell of contaminants;
- The paste can be used for face cleansing;
- Natural essential oils provide a unique perfume composition of Riza;
- Free from harmful solvents, silicone, chemical dyes and aromatics, provoking allergy;
- Free from parabens.

### Usage:

Apply a little quantity of the paste (1-2 ml) on dirty hands and rub it thoroughly, paying special attention to the skin between fingers and around nails. Add a little of water and rub it again. Rinse it up. To continue work, apply the protective cream of Riza series. Use the regenerating cream of Riza series at the end of working day.

### Consumption for one use:

1-2 ml.
