4H-TECH Short Shifters. **Power shifters for quicker and shorter gear changes**

Fitting guide for 4H-TECH F35-Shift Short Shifter for F35 transmissions.

Remove coolant housing. (leave hoses connected)

Unlock shift cable from the stock shifter

Use a punch tool and a hammer to remove locking pin.

Fit 4H-TECH Short shifter arm on the shift shaft, and use the bolt and nut with washer to fasten it to the shaft. Click the shift cable on the new shifter, and refit the coolant housing.

Make a test drive and check if all gears can be engaged. Enjoy 40% less gear throw and that lovely "Klick-klack" feeling. Now your car shifts like a racecar, but always remember to be safe and don't get overly excited on the public roads out there.
