

# Kaf O Matic®

*Bird seed Recycler*

*User manual*

## Safety Instructions

- Before connecting the appliance to a socket outlet, make sure the voltage indicated on the appliance corresponds to your local mains voltage.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid hazard.
- Switch of the appliance before changing accessories.
-  Do not immerse the motor unit in water or any other liquid, nor rinse it under the tap. Only use a moist cloth for cleaning the motor unit.
- The appliance is intended for household use only. Do not use the appliance for purposes other than described in this manual in order to avoid hazardous situation.
- Do not use outdoors.
- Never carry or pull the appliance by the supply cord. Do not pull the supply cord over sharp edges. Do not jam or bend it.
- Never put the appliance or supply cord on hot surfaces or near open flames.
- Do not use the appliance without the trays.

## Intended use

This appliance is only intended for recycling birdseed. Only use according to these instructions. Improper use is hazardous and will void any warranty claim. Observe the safety instructions.

## Disposal

The crossed-out wheeled bin logo requires the separate collection of waste electric and electronic equipment (WEEE). Electric and electronic equipment may contain dangerous and hazardous substances. Do not dispose of this appliance unsorted municipal waste. Return it to a designated collection point for recycling of WEEE. By doing so, you will help to conserve resources and protect the environment. Contact your retailer or local authorities for more information.

## Congratulations!

Thank you for your purchase of a Kaf O Matic. Please read this manual carefully and keep it for future reference.

### Content:

- 1** sieve x1
- 2** funnel x1
- 3** slide
- 4** house x1
- 5** yellow triangle
- 6** self-tapping screw x4
- 7** yellow beam
- 8** back plate x1
- 9** tray x2
- 10** little screw x1
- 11** blower engine x1

### Assembling the Kaf O Matic®

1. Place the house over the back plate and attach with the four self tapping screws. Make sure the opening for the trays is on the right side. See photo.
2. Attach the blower engine with the little screw.

### Using the Kaf O Matic®

1. Make sure the slide is closed all the way,
2. Strain the chaff and seed and remove the husk and seed of feathers. For coarse to very coarse chaff and seed you might have to repeat,
3. Turn on the blower engine,
5. Carefully slide open to the desired throughput rate is reached,
6. Wait until the entire funnel is empty and throw away the chaff.
7. Repeat if necessary,
8. When result is insufficient, you can move the yellow triangle in the house forwards or backwards. By removing the screws and the yellow bar you can take the triangle out and replace it at the desired spot. After moving the triangle reassemble the beam and screws.

Do you have any questions about assembly, use and/or do you have any suggestions concerning the Kaf O Matic? Please mail us at [info@kafomatic.nl](mailto:info@kafomatic.nl), we are happy to help you.
