

EDEN450

**EDEN 450**  
450mm  
The Longest  
Flat Mop Head In History

EDEN450

**Handle-driven Deft Spin Mechanism**

“Simple & Effortless” Wring Out

**Labor-saving Gear**

minimizes the interior negative frictional resistance in a cavity within the pipe wall to effectively save the labor when you wring the mop.

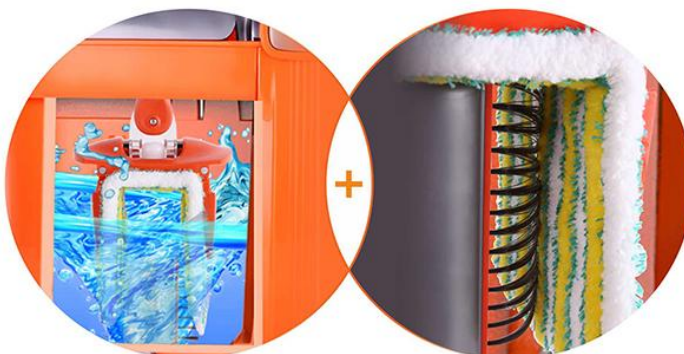

**SUPERIOR TO** traditional push-and-lift spin mechanism

# Wet & Dry Twin-tub Isolation

## Double Cleaning System

Free of Blind Corner • Easy Cleaning

### Swirling Water Rinsing

The torrent caused by fast-spinning movement scours the fine dust & stains off the mop head in a 360° full circle.

### Built-in Brush Sweeping

PA66 high-grade bristles sweep the mop head by grabbing hairs & tough grimes adhered to microfiber cloth.

# EDEN450

## 450MM Ultra-long Flat Head High-efficiency Floor Cleaning

# EDEN450

## Longer Mop Head, but Smaller Bucket Space-saving & Easier Storage
