Mag 06/8 Half Suit M23HS/8

Mag 06/8
Half Suit M23HS/8

The M23HS/8 is a Half Suit made from a robust PVC material with clear PVC headpiece. The suit offers complete upper-body protection including the wearer's arms and upper torso. It can be used with a Magnum 8500 PAPR or compressed air.

Filtered air is supplied to the user's breathing zone via the internal air distribution system fitted into the top of the head piece of the suit.

The Suit is supplied complete with an attached air supply hose.
