

Technical Data Sheet

Magnum 1000 PLUS™ PAPR with Electronic Motor Control

The Magnum 1000 Plus PAPR is a TH2/3P* dust/fume power unit with audio low battery & blocked filter alarm compatible with a range of headpieces to suit most working environments.

PAPR = Powered Air Purifying Respirator

Specification	Weight:	1.2 kg including battery, belt and filter
	Air Flow:	Typically 185 litres per minute
	Battery Duration:	Typically 8 hours (Dependant on age & condition of power unit/battery pack/filter)
	Pack quantity:	1
	Code:	M23/1000 Plus/CB (kit including power unit, battery and intelligent charger and belt).
Materials	Belt:	Nylon: Buckle Polypropylene: Webbing
	Power Unit/Battery Case:	ABS/Polycarbonate
	Battery Cells:	NiMH (Nickel Metal Hydride)
	Filter:	Pleated glass micro fibres. Frame: ABS
	Pre-filter: (Standard)	Polyester Matting
	Pre-filter: (Odour)	Polyester Matting Impregnated with Carbon
Standard	Standard:	EN12941 powered filtering devices incorporating a helmet or hood
	Classification:	TH2P TH3P*
	Nominal Protection Factor (NPF):	50 500
	Assigned Protection Factor (APF): [†]	20 40
<p>*with M23LHF head piece and M23P3/5 filter only</p> <p>[†] EN 529 (HSG53) acknowledges that laboratory performance is not always achievable in real use.</p> <p>These figures are taken from EN 529 and are the minimum level of protection which it is calculated 95% of wearers who are trained in the use of the equipment should achieve in practice, with well-maintained equipment. These figures are valid for use in the UK and may differ in other countries.</p> <p>Headpiece Compatability - M23CHFUV, M23LHF, M23FSWVN, M23AWSN, M23HFUVHTT, M23HFUVHTGP, M23RVSN, M23FUVN, M23AWS9/13</p>
