INVISION™

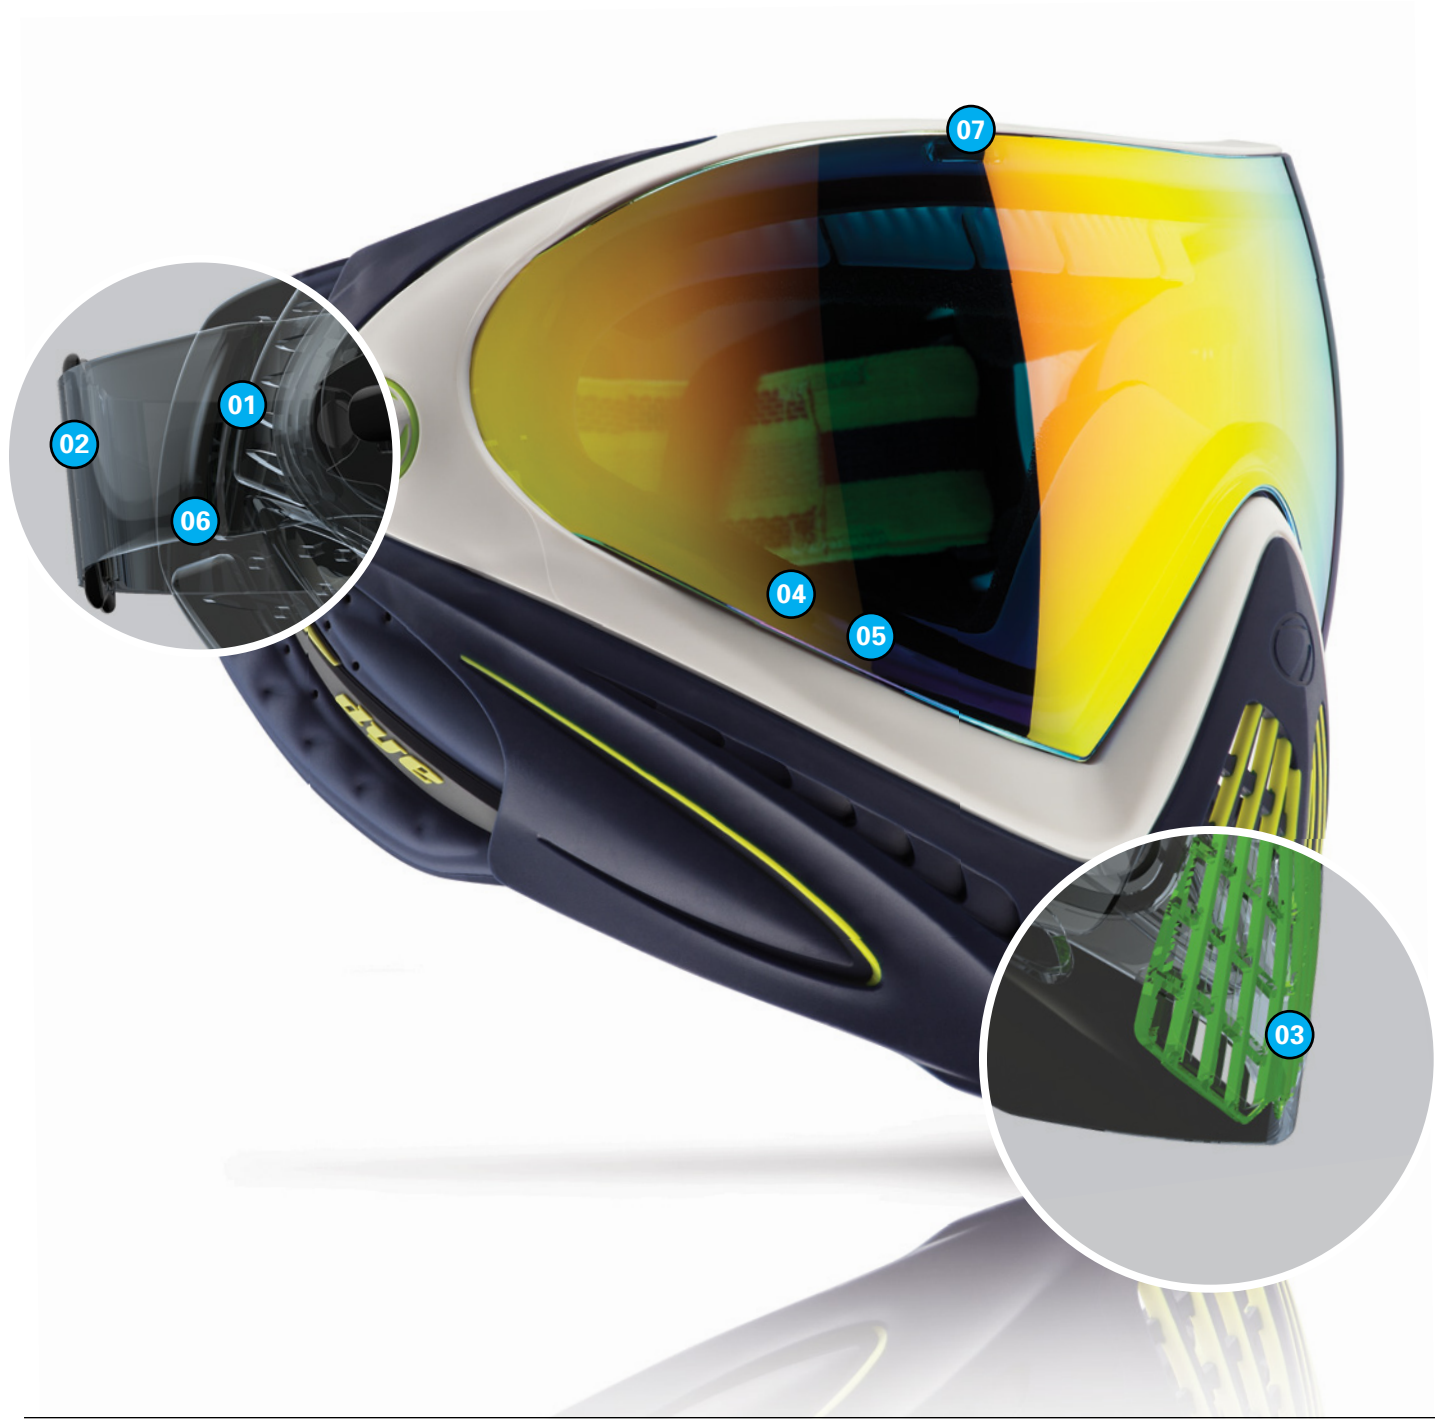

DESIGNED FOR THE ART OF WINNING

i4 *dye* **INVISION**TM
 DESIGNED FOR THE ART OF WINNING

The smallest profile, lightest, and best field of vision goggle system available. The i4 is the apex of Dye's long legacy of goggle engineering. The thermal lens leads the industry in optical clarity and provides a distortion and fog free field of vision regardless of weather. The i4 system also has a variety of lens options to match your lighting conditions.

dye **INVISION**™ TECHNICAL FEATURES

- 01.  **RAPID**
LENS CHANGE
- 02.  **TIGER TEETH**
RETENTION SYSTEM
- 03.  **SCREAM**
MULTI-DIRECTIONAL VENTING
- 04.  **HORIZON**
PERIPHERAL VISION
- 05.  **ANTI-FOG**
THERMAL LENS
- 06.  **COMPRESSION**
FORMED EARS
- 07.  **ANATOMIC**
FIT & FUNCTION

DIRTY BIRD

RAPID
 LENS CHANGE

The i4 has a revolutionary patent pending rapid lens change system, allowing lens changes in ten seconds or less. It is as simple as pushing on each interior tab arm, then slide them forward and the lens is free to be removed.

HORIZON
 PERIPHERAL VISION

The anatomically correct i4 mask system offers the best in comfort for all facial contours. The i4 is tested at twice the current impact ASTM and CE standards. Dye's proprietary dual stage foam combines open and closed cell foam technology. Dual stage foam is specifically designed to "sheet" sweat and moisture away from your face, providing an undeniably resilient boundary between your eyes and perspiration.

POWDER BLUE

LEGION OF BOOM
 40098801

TIGER TEETH
 RETENTION SYSTEM

Tiger Teeth buckles allow you to adjust your Invision woven rubber strap for a custom fit. Tiger teeth are designed to bite down and secure the strap during rigorous competition.

ANTI-FOG
 THERMAL LENS

The i4 features an industry first compound radius lens with thermal technology, giving the player the ultimate vertical/horizontal peripheral vision. Dye thermal lenses provide the benchmark for antifog performance. All Invision lenses provide perfect optical clarity and set the standard for visual performance.

i4 INVISION™ COLOR WAYS

BLACK / GOLD
 40090101

Ear protection is critical, but it does not need to be bulky. The i4 system features a compression formed earpiece that is soft, flexible and extremely lightweight. Cool Max® material in the ear protection has also been added to increase moisture evaporation

WHITE / GOLD
 40090601

Using patented technology the i4's precise blade angling and proven venting configuration, heat and moisture dissipates quickly. Scream Multi-Directional Venting makes communication with teammates effortlessly by carrying your voice farther
