

### Quick Information

- Model Number :600sd

### Description

#### **DURAGER-600SD**

#### **Descriptions**

Flatbed printers are gaining their market share more and more in sign & graphic industry and lots of customers need these printers for their work and shops. Durafos has answered the market demand by supplying a series of high quality multifunctional flatbed printers and inks to the market in cooperation with one of the leading ventures of flatbed printers in Korea. Durafos DURAGER-600SD digital flatbed printer is the necessary tool for all digital printing shops, screen printers, embroiderers, promo product suppliers, engravers, sign shops and more. With our specially formulated high quality eco solvent SD (standard) direct ink, you can print directly on a wide range of substrates such as plastics, acrylic, wood, stone, aluminum, metal, PVC, PC (Polycarbonate), ABS, AS, leather, ceramic and even glass for direct printing without any pre-coating.

A few good points of our eco solvent SD (standard) ink are wide printing material applications, vivid color gamut and fast drying time, but the anti-scratchiness and water resistance is rather weak compared with those of our eco solvent SP (special) ink. Now try to print directly with no pre-treatments and no undercoats with Durafos DURAGER-600SD multipurpose flatbed digital printer and 100% environmentally friendly eco solvent SD (standard) direct ink. Your satisfaction is guaranteed.

#### **Features and Benefits**

- High Productivity
- Highly Multifunctional
- Strongly User Friendly
