BASE-10

PORTABLE SOLAR POWER & LIGHT KIT

The WakaWaka Base is the next step in the evolution of portable solar power. An all-in-one compact portable solar power kit for when the light goes out. The Base is intended for anyone that hates to be out of power, or loves to be on the move. It converts solar energy into battery power significantly faster than any other solar charge pack on the market today. A single day of sunlight is enough for multiple phone charges or an entire week of light.
