

MILK LINE CLEANER

Milk Line Cleaner is a cleaner for milk lines and frothers on automatic espresso machines.

FEATURES & BENEFITS

Removes milk residues from milk lines, frothers and parts

RECOMMENDED FOR

For cleaning steam wands

INSTRUCTIONS

For cleaning steam wands:

- Purge steam valve for 10 seconds to clear out condensed water and residue milk.
- Close valve.
- Add 30ml of cleaner to 500ml of warm water in a stainless steel jug.
- Submerge steam wand into solution and soak for 5 minutes.
- Rinse, then refill jug with clean water and submerge steam wand into water, purge for 10 seconds. Rinse steam wand with clean water.
- Do **NOT** turn off machine while soaking steam wand.

For cleaning Milk Frother:

- Add 30ml of cleaner to 500ml of warm water in a stainless steel jug.
- Insert milk frother suction tube into solution.
- Run entire solution through frother.
- Repeat above procedure with 500ml of clean water to thoroughly rinse all components.
