

Get **MORE** from your SOTT Toolbag

Special tool bar provides additional benefits

The famous SOTT Toolbag already has many qualities. The many pockets and compartments and the well-thought-out layout make this tool bag very popular throughout Europe. But now we've added some qualities. Good news for Toolbag owners. Haven't used the Toolbag yet? Now there are no excuses any more.

Make your Toolbag even more universal by sliding the metal bar into the special loops.

LONG ANTICIPATED

Toolbag owners may have wondered what those two elongated loops on the front are for. Well, now the cat's out of the (tool)bag: they are designed for holding a metal bar that slides into them, so your Toolbag becomes even more universal and can carry even more tools.

This SOTT Toolbag bar is made of black passivated metal and is sized to allow for various tools to be hanging on it.
