

TERHO PENDANT

The Mater Terho Pendants is designed by the Finnish designer Maija Puoskari. Inspired by nature, Terho means 'acorns' in Finnish and simply refers to the organic and appealing shape of acorns found in nature. The warmth and beauty of natural alder wood combined with opal glass makes it as contemporary as it is timeless. The wood is from responsible European forestry (FSC), treated with natural wax, and the glass is mouth-blown in the Czech Republic.
