DESIGN GÖRAN MALMVALL 1972

Sedan 1972 har Karl Andersson & Söner producerat och utvecklat förvaringen KA72. Formgivaren Göran Malmvall var Karl Anderssons yngste son och lärling hos Carl Malmsten. Genom sin enkla och rena form samt variationsrikedom har KA72 blivit en klassiker som finns representerat både i privata hem och offentliga sammanhang. Skåpen är av trälamell med faner av ek, bok, björk, ask, körsbär och standardfärger. Utseendet kan varieras genom kombination av glasade, träfyllda dörrar och sidor, och med glasad rygg samt som öppen hylla. Ska skåp placeras fristående med synlig trärygg måste en ryggpanel beställas. Beslagen är förnicklade eller i mässing. Skåpen levereras hopsatta med inbyggda ställskruvar i sockeln. KA72 passar utmärkt i vardagsrum, konferensrum, kök, bibliotek, som monterskåp, matrum, pentry, kontor, lobby eller som sidobord, TV-bänk, utställningsskåp mm.

Karl Andersson & Söner has been producing and refining the KA72 storage system since 1972. The designer Göran Malmvall was Karl Andersson's youngest son and apprentice of Carl Malmsten. Thanks to its versatility and the restrained elegance of its clean, uncluttered lines, KA72 has developed into a contemporary classic that today is found in both private homes and public spaces alike. They are made using a blockboard construction and veneered in oak, beech, birch, ash, cherry or finished in standard colors. The appearance can be varied by the combination of glass or wooden doors and sides, and back of glass and open shelving. If the intention is to place the cabinet away from a wall, it is necessary to order a back panel to cover the back of the cabinet. The fittings are nickel-plated or made of brass. Cabinets are supplied ready assembled with adjustable screws in the plinth to ensure they stand straight and steady. KA72 is perfect in the living room, conference room, kitchen, library, dining room, coffee corner and office or lobby area and can also be used as a side table, TV bench or display cabinet.
