

PRODUCT INFORMATION

LOD GREEN

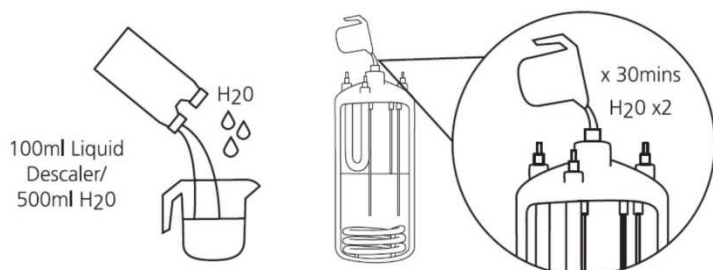

An organically certified, concentrated liquid designed to decalcify (delime or descale) espresso machine water tanks and coffee brewing equipment.

FEATURES AND BENEFITS

- Contains a synergistic blend of 4 organic acids that give outstanding scale removal.
- LOD Green is listed by OMRI and BFA and is suitable for use in organic systems. It is also listed by NSF as being suitable for use in food processing areas.
- Safe to use on aluminium, brass and stainless steel.
- Readily biodegradable and safe for septic systems.
- Phosphate free
- Biodegradable
- GMO free
- Designed for espresso machines and coffee brewers
- LOD Green can also be used in kettles, urns and bain maries.
