Cloud Nine is our nonchalant line of bed linen. The 100% natural cotton is given a stonewash treatment for a matte, sober look. This high-quality fabric is then sewn and assembled into bespoke bedding by skilled, experienced hands in Italy. This results in the kind of sophisticated detailing that Italian luxury is so famous for. It is custom made for you in any size, color and finishing you prefer.

Breathable, soft and suitable to sensitive skin. Available in 31 different colors.

CARE INSTRUCTIONS

Cloud Nine can be washed at 30 degrees with a mild detergent. Please make sure not to use any optic whiteners or bleach when washing your colored bed linen. Do not iron. Can be tumble dried on low heat.
