Care-instructions

Morning Glow is our splendid line of bed linen. The 100% natural cotton is woven in a satin bind, making the fabric refined, soft and shiny. This high-quality fabric is then sewn and assembled into bespoke bedding by skilled, experienced hands in Italy. This results in the kind of sophisticated detailing that Italian luxury is so famous for. It is custom made for you in any size, color and finishing you prefer.

Breathable, soft and suitable to sensitive skin. Available in 96 different colors.

CARE INSTRUCTIONS

Our Morning Glow bed linen can be washed at 40 degrees. Ironing is possible on medium heat. Please make sure not to use any optic whiteners or bleach when washing your colored bed linen. We advise you to let your bed linen dry by hanging it out when still wet. Do not rub, wring or put any pressure on it when wet.
