# Nine steps to success using Derwent Inktense Pencils

Tony Hogan

**Professional Artist Tony Hogan takes us through his nine steps to success using Derwent Inktense Pencils.**

- 1 Create your own colour chart using the entire range of colours.
- 2 Use a paper palette for establishing lighter tones.
- 3 Lift colour off the end of the pencil to strengthen tonality.
- 4 Lay dry colour down and then wet for greater intensity.
- 5 To Increase colour choice; mix two colours side by side.
- 6 Lay several colours down on the paper and blend together.
- 7 Soften tones by applying dry colour over drawn areas.
- 8 Create texture by flicking colour off the end of the pencil using a wet brush.
- 9 Drag and roll a damp Antique White Inktense Pencil for effective highlights.
