

## ***Nielsen Line***

Height adjustable shower stool

HMN a/s

## ***Nielsen Line shower stool***

The Nielsen Line shower stools are designed for the modern bathroom

A recess in front of the seat makes intimate hygiene easier and ensures that the user stays self-reliant longer.

The shower stool stands firmly in all positions and in spite of its low weight it can take up to 150 kg.

## ***Nielsen Line shower stool***

The backrest is designed so it is both comfortable and provides freedom of movement for the user.

The Nielsen Line shower stool is made from 100 % rust-proof materials.

The stool is available in two widths (41 & 50 cm between the armrests) and it is possible to buy both with or without the backrest.

The sturdy armrests provides safety for the user and facilitates the rising or sitting down.

## ***Accessories***

---

Backrest for Nielsen Line shower stools  
Item no: 313004

### **Backrest for Nielsen Line**

The ergonomical correct formed back rest provides optimal support for the back without affecting the service user's freedom of movement.

Comfort and safety is increased by the backrest to enable even weaker users the best conditions for hygiene.

The back rest fits all the Nielsen Line shower stools.

## Accessories

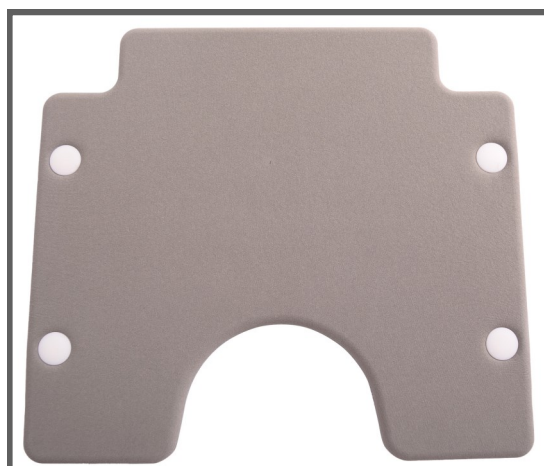

### Foam cushion for Nielsen Line

A comfortable foam cushion is available for both seat widths.

It provides the user extra comfort and it is easy to attach with four clips.

Mounting and cleaning of the cushion could not be more easy.
