

MAX PRO
PROTECTION MAT

MAX PRO PROTECTION MAT

The Protection Mat protects surfaces against the heat of a straightener or curling iron. The mat is made of fine, heat resistant silicone and protects the surface to a temperature of 180 °C. During the styling of your hair you can place several tools on the mat to prevent damage to your interior. The mat is rollable and therefore easy to store. The mat is available in the color black.

Note: at a temperature higher than 180 °C the heat can get through the mat.

Size: 25 x 20 cm

Attention: Only to be used in combination with hair styling tools. Max Pro is not liable for improper use of the products.

GOODBYE TO BAD HAIR DAYS
