2018

As life gets faster and more complex, the need for quality time and space - the freedom to be you - grows too. At Gloster we open doors to timelessly beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available.

Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

In einem immer schnelleren und aufwendigeren Leben wächst auch das Bedürfnis nach schönen Momenten und echten Freiräumen – und der Zeit, man selbst zu sein. Bei Gloster öffnen wir Ihnen die Möglichkeit von zeitlos schönen Außenbereichen, in denen Ihre Möbel genau die Stimmung erzeugen, die Sie sich wünschen. Und wir denken langfristig – denn wir nutzen nur die besten verfügbaren Materialien und Techniken.

Unser Ziel ist Ihr Komfort – den Sie in zahllosen Momenten im Freien genießen können.

Le rythme de la vie s'accélère, et entraîne un besoin vital de temps et d'espace pour se retrouver. Chez Gloster nous créons de superbes espaces d'extérieur, où les meubles créent l'ambiance que vous recherchez. Et soyons clairs : nous n'utilisons que les meilleurs matériaux et techniques disponibles.

Notre objectif est simple : vous laissez profiter au mieux de ces précieux moments.

A medida que la vida se acelera y se hace más complicada, crece también la necesidad de gozar de tiempo y espacio de calidad, es decir, de la libertad de ser uno mismo. En Gloster abrimos las puertas a exteriores de una belleza atemporal, en los que su mobiliario dicta el estado de ánimo preciso que usted desea. Y miramos a largo plazo, utilizando exclusivamente materiales de primerísima calidad y las técnicas más avanzadas que existen.

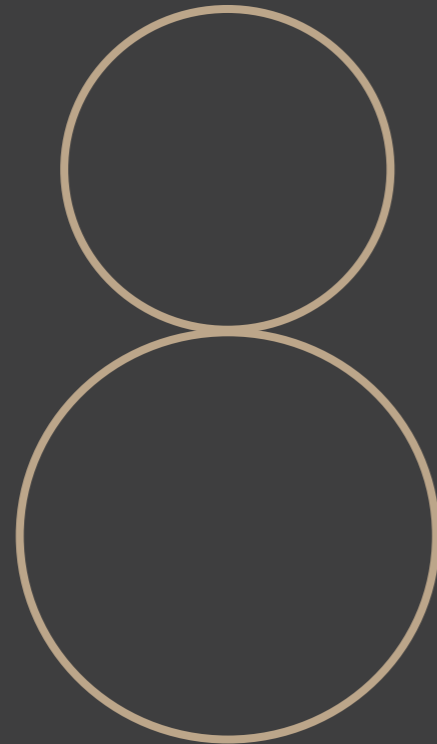

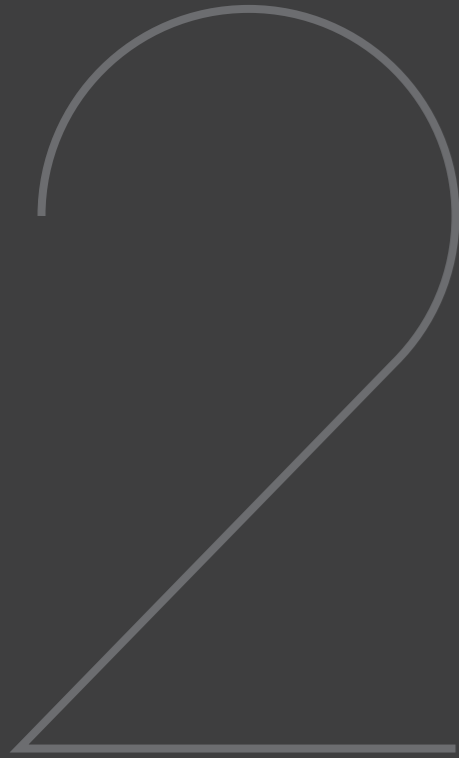

Nuestro objetivo es su placer, un placer del que pueda disfrutar en innumerables ocasiones especiales al aire libre.

Così come la vita diventa più veloce e più complicata, cresce anche il bisogno di tempo e spazio di qualità, e di sentirvi liberi di essere voi stessi. Con Gloster si aprono le porte a esterni intramontabilmente belli, dove i mobili dettano l'umore, esattamente come lo volete voi. Gloster guarda al di là del momento attuale e impiega soltanto i materiali e le tecniche migliori disponibili.

Il nostro obiettivo è il vostro piacere – da apprezzare in innumerevoli momenti speciali all'aperto.

OUR HERITAGE

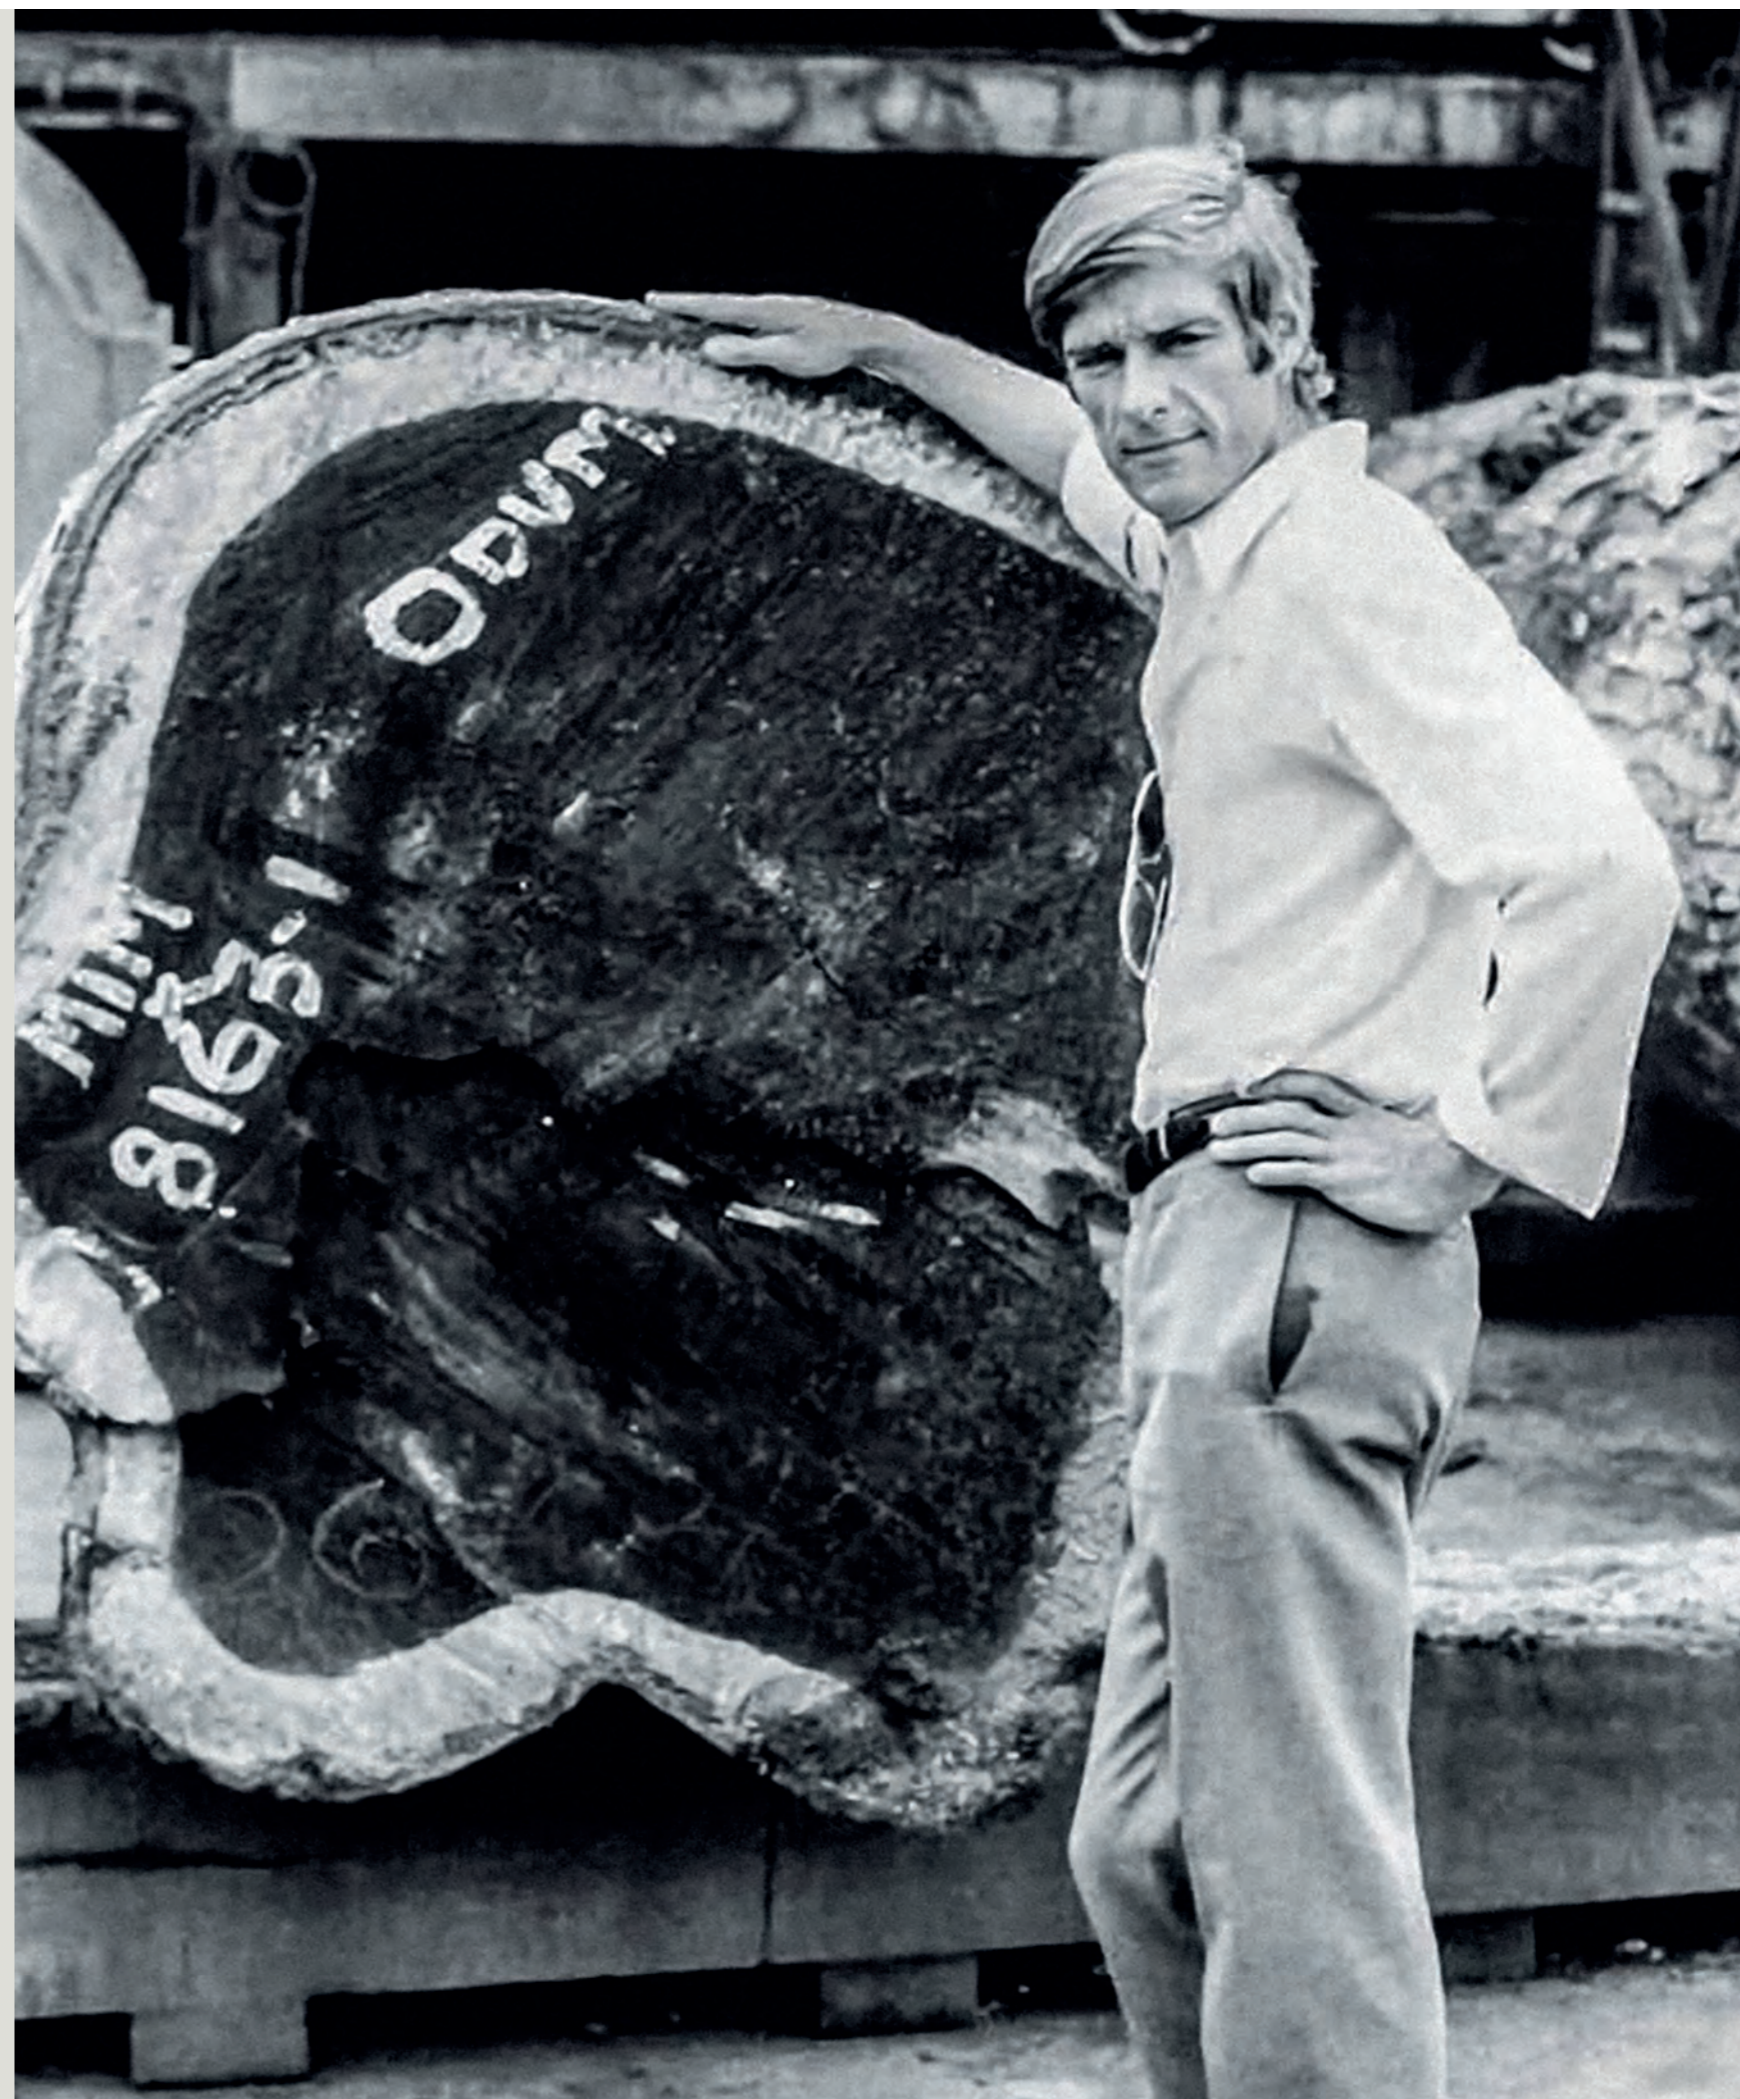

Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. By the early 1970's, increased demand and access to plantation grown teak led us to move our factory to Indonesia. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture. Because we believe.

Gloster kann seine Wurzeln bis ins Westafrika des Jahres 1960 zurückverfolgen, als eine Gruppe passionierter Unternehmer und Möbelbauer die ersten Schritte einer langen Reise taten. Anfang der 1970er Jahre führte eine wachsende Nachfrage und der Zugang zu Plantagen-Teakholz dazu, dass wir unser Werk nach Indonesien verlagerten. Heute wird unser Unternehmenserfolg von derselben Leidenschaft und Überzeugung und demselben Stolz beflügelt, der zur Gründung der Marke Gloster führte. Wir mögen in einer anderen Welt leben als unsere Gründer, aber eines bleibt gleich – wir sind Möbelbauer, die sich einzig und allein darauf konzentrierten, die besten Outdoor-Möbel der Welt herzustellen. Denn daran glauben wir.

Gloster puisent ses racines en Afrique de l'ouest, où en 1960, un groupe d'entrepreneurs et de fabricants de meubles passionnés s'engagèrent sur un long parcours. Au début des années 70, la demande accrue et l'accès au bois de teck cultivé en plantation nous ont conduit à déplacer notre usine en Indonésie. Aujourd'hui, la même passion, la même conviction et la même fierté, à l'origine de la marque Gloster, continuent de nourrir notre entreprise. Bien que nous vivions dans un monde différent de celui qu'ont connu nos fondateurs, une chose n'a pas changé - nous sommes des fabricants de meubles dont l'objectif unique reste de concevoir et de fabriquer les meubles d'extérieur de la plus haute qualité au monde. Parce que nous croyons.

Las raíces de Gloster se remontan hasta 1960 en África Occidental, cuando un grupo de apasionados emprendedores y fabricantes de muebles dieron los primeros pasos de una andadura que sería larga. Al despuntar la década de 1970 trasladamos nuestra fábrica a Indonesia, movidos por un aumento de la demanda y por la posibilidad de acceder allí a teca cultivada en plantación. En la actualidad, nuestro negocio sigue alimentándose de la misma pasión, convicción y orgullo que impulsaron la marca Gloster en sus inicios. Puede que vivamos en un mundo diferente al que habitaron los fundadores de la sociedad, pero una cosa no ha cambiado: seguimos haciendo muebles con el solo objetivo de diseñar y fabricar el mejor mobiliario exterior de todo el mundo. Porque seguimos creyendo en ello.

Le radici di Gloster risalgono all'Africa Occidentale nel 1960, dove un gruppo di appassionati imprenditori e fabbricanti di mobili fecero i primi passi di un lungo viaggio. All'inizio degli anni '70, con l'aumento della domanda e l'accesso al teak coltivato nelle piantagioni, Gloster trasferì il suo stabilimento in Indonesia. Oggi, la nostra azienda continua a essere spinta dalla stessa passione e convinzione, e dallo stesso orgoglio che lanciarono il marchio Gloster. Oggi il mondo è probabilmente diverso da quello dei nostri fondatori, ma un aspetto rimane inalterato: siamo fabbricanti di mobili focalizzati esclusivamente sulla progettazione e sulla realizzazione dei mobili per esterni più raffinati del mondo. Perché siamo convinti.

TEAK & PLANTATIONS

The benchmark hardwood for fine outdoor furniture for more than 700 years. With a beautiful buffed sheen or a soft natural finish, every piece of Gloster teak originates from carefully managed plantations and is thoroughly inspected to ensure that quality endures. A close-grained hardwood with a high natural oil content, teak is exceptionally hard wearing, highly resistant to rotting and almost impervious to the effects of sun, rain, frost or snow - the first and only choice of timber for outdoor furniture. Because it matters.

Seit über 700 Jahren das beste aller Harthölzer für edle Outdoor-Möbel. Mit einem wunderschön polierten Glanz oder einem weichen, natürlichen Finish stammt jedes Teak-Möbel von Gloster von umsichtig verwalteten Plantagen und wird sorgfältig geprüft, um eine dauerhafte Qualität zu sichern. Als feinfaseriges Hartholz mit einer hohen Konzentration an natürlichen Ölen ist Teak außergewöhnlich strapazierfähig, extrem verrottungsfest und nahezu unempfindlich gegenüber den Auswirkungen von Sonne, Regen, Frost oder Schnee – die erste und einzige Wahl, wenn es um Holz für Outdoor-Möbel geht. Denn Qualität zählt.

Le bois dur de référence pour l'ameublement d'extérieur de qualité depuis plus de 700 ans. Chaque produit Gloster en teck, poli pour un joli lustre ou doté d'une finition naturelle douce, est issu de plantations gérées avec soin et est minutieusement inspecté pour assurer qualité et durabilité. Bois dur à grain fin avec un contenu en huile naturellement élevé, le teck est exceptionnellement solide, hautement résistant à la pourriture et presque insensible aux effets du soleil, de la pluie, du gel ou de la neige - un choix qui s'impose pour l'ameublement d'extérieur. Parce que c'est important.

La teca ha sido la madera dura de referencia para el mobiliario exterior de calidad durante más de 700 años. Ya sea con un hermoso brillo pulimentado o con un acabado natural más suave, todos y cada uno de los muebles de teca Gloster tienen su origen en plantaciones explotadas de forma responsable, y han sido inspeccionados minuciosamente para garantizar una calidad duradera. La teca, una madera dura de grano fino con un elevado contenido natural en aceite, soporta muy bien el paso del tiempo y es altamente resistente al decaimiento y prácticamente inmune a los efectos del sol, la lluvia, las heladas o la nieve: se trata, sin lugar a dudas, de la opción más segura en lo que a maderas para mobiliario exterior se refiere. Porque esto es importante.

Il benchmark nel campo del legno duro per mobili raffinati per esterni da più di 700 anni. Con una magnifica superficie lucida o una morbida finitura naturale, il legno di ogni articolo Gloster in teak proviene da piantagioni attentamente gestite e viene sottoposto ad attente ispezioni per garantire una qualità di lunga durata. Un legno duro con tessitura fine con un alto contenuto di olio naturale, il teak è dotato di eccezionali doti di durabilità, di alta resistenza alla decomposizione e di quasi impenetrabilità agli effetti del sole, della pioggia, del gelo o della neve – la prima e l'unica scelta di legno per mobili per esterni. Perché è importante.

OUR DESIGNERS

Of course, great manufacturing is wasted without great design. Gloster currently works with several world-renown designers to create timeless outdoor furniture. Once a concept is approved, designers work closely with the development team at our factory to further refine their designs. And even in this digital age, we insist our designers travel to and spend time at our factory so they get to know our people, our raw materials and our philosophy. Because we believe.

Ohne ein großartiges Designkonzept läuft auch die beste Fertigung ins Leere. Gloster arbeitet mit mehreren weltweit anerkannten Designern an der Kreation zeitloser Outdoor-Möbel zusammen. Sobald ein Konzept genehmigt wurde, arbeiten die Designer eng mit den Entwicklungsteams in unserem Werk zusammen, um ihre Entwürfe weiter zu verfeinern. Und selbst in unserem digitalen Zeitalter bestehen wir darauf, dass unsere Designer unser Werk besuchen und Zeit dort verbringen, um unsere Mitarbeiter, unser Rohmaterial und unsere Philosophie kennenzulernen. Denn daran glauben wir.

Bien sûr, une fabrication de qualité ne serait rien sans une conception d'égale valeur. Gloster travaille actuellement avec plusieurs designers de réputation mondiale pour créer des meubles d'extérieur intemporels. Une fois qu'un concept est approuvé, les designers travaillent en étroite collaboration avec l'équipe de développement dans nos usines pour peaufiner les modèles. Et même à l'ère numérique, nous exigeons de nos designers qu'ils se rendent à l'usine et y passent du temps pour se familiariser avec nos employés, nos matériaux bruts et notre philosophie. Parce que nous croyons.

Como es evidente, una producción irreprochable sería un desperdicio sin un gran diseño. En la actualidad, Gloster colabora con varios diseñadores de renombre internacional para crear un mobiliario exterior atemporal. Tras aprobar un concepto, los diseñadores colaboran estrechamente con el equipo de desarrollo de nuestra fábrica, a fin de perfeccionar aún más sus diseños. E incluso en la era digital actual, insistimos en que nuestros diseñadores viajen y pasen tiempo en la fábrica, de forma que puedan conocer a nuestro personal, las materias primas con que trabajamos, y nuestra filosofía. Porque seguimos creyendo en ello.

Naturalmente una produzione eccellente è sprecata senza un design eccellente. Attualmente Gloster lavora con diversi designer famosi in tutto il mondo per creare mobili per esterni senza tempo. Una volta approvato il concetto, i designer lavorano in stretta collaborazione con il team responsabile dello sviluppo nel nostro stabilimento per affinare ulteriormente i design. E anche in questa era digitale, insistiamo che i nostri designer vengano nel nostro stabilimento e trascorrono del tempo lì per conoscere il nostro personale, le materie prime che utilizziamo e la nostra filosofia. Perché siamo convinti.

A hand is shown holding a thick, light-colored wooden chair leg. The leg is part of a larger, Y-shaped wooden structure, likely the backrest or seat frame of a chair. The wood has a natural grain and is finished with a smooth, clear coat. The background is a plain, light grey color. The overall composition is clean and minimalist, emphasizing the craftsmanship of the wood.

CRAFTS & INNOVATION

Skills & loyalty, tradition & progress. Gloster and fine craftsmanship go hand in hand. Our furniture is not the result of random mass production - human hands have created every rounded corner and every joint, and the quality of the furniture is the result of our employees' knowledge and skills. Our customers must be able to feel the link to themselves when they buy our furniture. There must be a common history present, and a narrative of the life that we love to live. The furniture must speak a language that we understand - a language that awakens our curiosity. But we do not wish to stagnate in the past. We look forward and outward, so the past and future merge into a bold present to which we can all relate. Because we believe.

Fähigkeiten & Loyalität, Tradition & Fortschritt. Gloster und hervorragende Handwerkskunst gehen Hand in Hand. Unsere Möbel sind nicht das Ergebnis beliebiger Massenproduktion – jede abgerundete Ecke und jede Verbindung wurde von der Hand eines Menschen gefertigt, und die Qualität der Möbel ist das Ergebnis des Wissens und der Fähigkeiten unserer Mitarbeiter. Unsere Kunden müssen eine Verbindung zu sich selbst spüren, wenn sie unsere Möbel kaufen. Die Grundlage ist eine gemeinsame Geschichte – eines Lebens, das wir gerne leben. Die Möbel müssen eine Sprache sprechen, die wir verstehen – eine Sprache, die unsere Neugier weckt. Aber wir wollen nicht in der Vergangenheit verharren. Wir schauen nach vorne und nach Außen, sodass Vergangenheit und Zukunft sich zu einer reichen Gegenwart vereinen, die uns allen etwas bedeutet. Denn daran glauben wir.

Compétences et loyauté, tradition et progrès. Gloster est synonyme d'artisanat de qualité. Nos meubles ne résultent pas d'un processus aléatoire de production en masse - des mains humaines créent chaque coin arrondi et chaque jointure : la qualité de l'ameublement est le résultat du savoir et des compétences de nos employés. Nos clients doivent être capables de ressentir le lien qui les unit à nos meubles lorsqu'ils en font l'achat. Nous nous appuyons sur une histoire commune, et sur le récit de la vie telle que nous l'aimons. Les meubles doivent parler une langue que nous comprenons - une langue qui éveille la curiosité. Mais nous ne souhaitons pas vivre dans le passé. Nous sommes tournés vers l'avenir et vers l'extérieur ; ainsi, le passé et le futur convergent pour former le présent qui nous est familier. Parce que nous croyons.

Competencia y fidelidad, tradición y progreso. Gloster va de la mano de una artesanía de la máxima calidad. Nuestros muebles no son el resultado aleatorio de una producción en serie: han sido manos humanas las que han creado todos y cada uno de los bordes redondeados y las uniones, y la calidad del mobiliario deriva de los conocimientos y competencias de nuestros empleados. Nuestros clientes deben poder sentir el vínculo consigo mismos al comprar nuestros muebles. Debe haber una historia común, un relato de la vida que nos encanta vivir. Los muebles deben hablar un idioma que comprendamos, un idioma que despierte nuestra curiosidad. Pero tampoco queremos quedarnos estancados en el pasado. Miramos hacia adelante y hacia fuera, de forma que pasado y futuro se fusionen en un presente sin complejos con el que todos podamos sentirnos conectados. Porque seguimos creyendo en ello.

Abilità e lealtà, tradizione e progresso. Gloster e maestria raffinata vanno di pari passo. I nostri mobili non sono il risultato di una produzione casuale di serie: le mani dell'uomo hanno creato ogni angolo arrotondato e ogni giunzione, e la qualità dei mobili è il risultato della competenza e delle abilità dei nostri dipendenti. I nostri clienti devono riuscire a percepire questo legame personalmente quando acquistano i nostri mobili. Deve essere presente una storia comune e una narrativa della vita che amiamo vivere. I mobili devono parlare una lingua che comprendiamo, una lingua che suscita la nostra curiosità. Ma non vogliamo inaridirci nel passato. Guardiamo al futuro e verso l'esterno, così che il passato e il futuro si uniscano in un audace presente in cui tutti possiamo immedesimarci. Perché siamo convinti.

TRUE CRAFT HAS MANY FACES

Just like the oil in our teak, a passion for excellence runs through Gloster. From the timber technician through to the CEO, each is a craftsman in their own way and each takes pride in their contribution to producing the world's finest outdoor furniture.

CUT & SEW

The Cut & Sew program features a colourful pallet of 19 fabrics, personally selected by the renown Danish designer, Cecilie Manz. As Cecilie Manz mentions... "I think it's very important to embrace the colours, because colour defines how things are looking and colour also gives a piece character. So picking the right colours? To me it's essential."

Hand-tailored in Germany for all upholstery within the Atmosphere, Bay, Cradle, Grid, Grand Weave, Vista and Loop collections. See Page 237 for details.

ATMOSPHERE DINING & LOUNGE

ATMOSPHERE BY CECILIE MANZ

Depending on your perspective, the word 'atmosphere' can conjure up a variety of emotions. The freedom to move, to enjoy independence or intimate moments - to be at one, whether alone or with those closest to you. But atmosphere also buzzes with chatter and laughter and dancing light - the sound of good times amongst family and friends.

For the new Gloster Atmosphere collection, Danish designer Cecilie Manz has drawn from observing couples, groups, friends and families interacting in seating areas - sliding down low in comfortable furniture, tucking up legs, resting side by side as stories are told and moments are shared.

"This is why it felt natural" Cecilie says, "to lower the whole setting, to enhance and welcome this feeling of comfort and quiet - when you wish to have slightly more relaxed moments, even a few centimetres in height makes a significant difference. Sitting lower pulls you into a familiar, soothing embrace - welcoming you to unwind and stay longer."

Cecilie has intuitively embraced the emotions behind the design in a powerful mixture of minimal, powder coated aluminium frames, generous boards of Gloster's signature teak and cleverly designed self-supporting upholstered panels.

Cecilie says "The materials in a project should reflect the usage of the pieces. Aluminium and teak are great materials for outdoor spaces, the finish of the metal is robust, and the solid teak gets a beautiful grey patina over time. Combined with the fabric options, the palette is subtle and harmonious, revolving around muted, sophisticated tones.

When asked if she can summarise her collection Cecilie smiles before answering; "It's quite simple really... the name is a reflection of the situation. It's all about creating atmosphere."

CECILIE MANZ

ATMOSPHERE

The Atmosphere collection is comprised of a series of dining and seating components that share slim lines and welcoming, curved upholstered arms and backs. Equally attractive as stand-alone items or in a collection, the signature daybed/chaise lounge units are accompanied by an imposing sofa and occasional tables that easily double as ottomans or impromptu benches with the use of an upholstered pad.

So it's no surprise that Gloster Lounge offers the ingredients to mix the perfect personal relaxation recipe. And, as with all the best ideas, simplicity is the key with our modular collections providing the building blocks to create almost limitless design possibilities.

Bei Entspannung dreht sich alles um den perfekten Raum. Um Komfort und Mühelosigkeit. Eine Mischung aus persönlichem Stil und der Annehmlichkeit, alles Wichtige stets griffbereit zu haben. Es überrascht daher nicht, dass Gloster Lounge alle Zutaten für das perfekte Entspannungsrezept bietet. Und wie immer sind die einfachsten Ideen meist die besten: Deshalb stehen klare Linien im Zentrum unserer modularen Kollektionen, die die Grundsteine für nahezu grenzenlose Designmöglichkeiten umfassen.

La relaxation implique un espace parfait. Autour du confort et de la commodité. Un mélange de styles personnalisés et simples vous permettant de toujours avoir vos objets préférés à portée de main. Il n'est donc pas surprenant que Gloster Lounge présente tous les ingrédients de la parfaite recette de la relaxation. Et, comme pour toutes les bonnes idées, la simplicité est la clé de nos collections modulables, offrant les composants permettant de créer des possibilités presque illimitées.

Relajación significa un espacio perfecto. Significa comodidad y conveniencia. Una mezcla entre un estilo personal y la simplicidad de mantener tus objetos favoritos al alcance de la mano. Así que no es sorprendente que Gloster Lounge ofrezca los ingredientes para conseguir la receta perfecta para la relajación personal. Y, como ocurre siempre con las mejores ideas, la simplicidad es la clave para que nuestras colecciones modulares proporcionen los elementos básicos para crear posibilidades de diseño casi infinitas.

Il relax è una questione di spazio perfetto. Una questione di comfort e convenienza. Un mix di stile personale e la semplicità dell'avere le tue cose preferite a portata di mano. Non è quindi una sorpresa che Gloster Lounge offra gli ingredienti per la ricetta del relax personale perfetto. E come per tutte le idee migliori, la semplicità è la chiave delle nostre collezioni modulari, le basi per creare possibilità di design quasi senza limiti.

GRID LOUNGE

GRID LOUNGE

Grid - a name that describes both function and mind-set. A grid of complementary units forms the basis of a totally flexible seating system where you can combine various individual elements to meet your specific needs.

BAY LOUNGE

BAY LOUNGE

Not a direct inspiration but an overall feeling or emotion of sitting by the bay. The reclined position emphasises an introverted and relaxed state of mind, hence the name - Bay.

Keine direkte Inspiration, aber das Gefühl, an einer Bucht zu sitzen. Die leicht nach hinten gestellte Rückenlehne betont das Gefühl einer introvertierten und zugleich entspannten Stimmung, daher der Name – Bay.

66
67

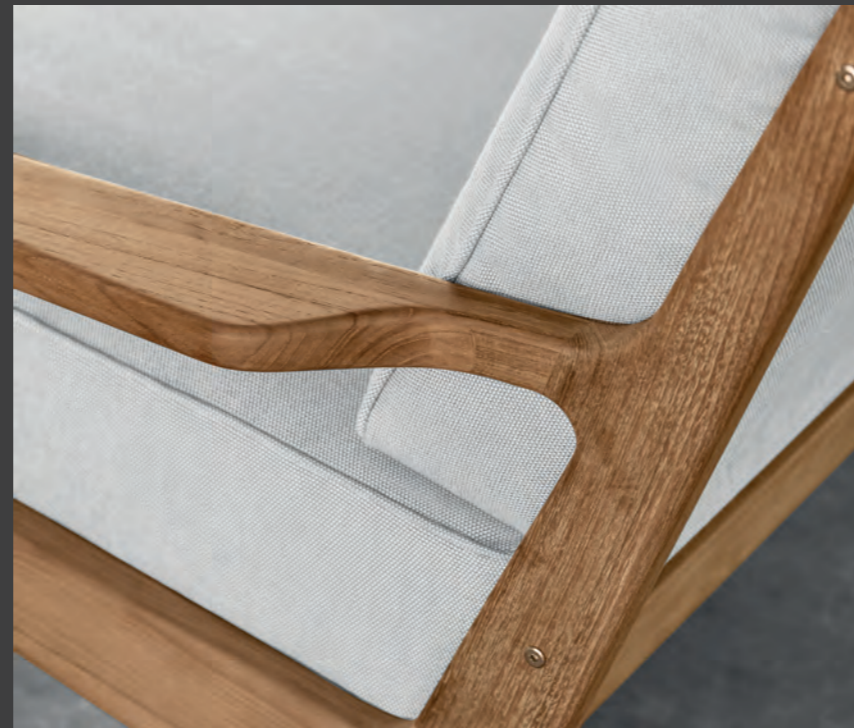

BAY LOUNGE

Il ne s'agit pas d'une inspiration directe ; la collection cherche plutôt à refléter le sentiment général ou l'émotion qui s'empare de nous, assis près de la baie. La position inclinée met l'accent sur l'introspection et un état d'esprit détendu, d'où le nom - Bay.

La inspiración no es directa, aunque sí se ha buscado la sensación o emoción general de estar sentado junto a una bahía. La posición reclinada pone de relieve una actitud relajada y ensimismada, y de ahí le viene el nombre, Bay.

Non un'ispirazione diretta, ma una sensazione o un'emozione complessiva di sedersi accanto alla baia. La posizione reclinata enfatizza uno stato di pensiero introverso e rilassato - e da questo deriva il nome Bay.

GRAND WEAVE LOUNGE

Nature converted into modern outdoor living. Following rural cues from hand crafted willow and hazel hurdles, modern materials are combined to create an up to date, resilient twist on rustic seating. Aluminium and man-made fibres are cleverly interwoven to create a beautifully tactile seating group at home in any surrounding.

Natur verwandelt in modernes Outdoor Living. Inspiriert von handgefertigten, ländlichen Weiden- und Haselnusskorbgeflechtem, werden für die neue Lounging Kollektion Grand Weave moderne Materialien elegant miteinander kombiniert, um der klassisch rustikalen Sitzzecke einen zeitgemäßen Touch zu verleihen. Durch das raffinierte Verflechten von Aluminium und Kunststofffasern entsteht bei Grand Weave eine Sitzgruppe, die durch besondere Haptik begeistert und für jede Umgebung geeignet ist.

La nature transposée dans le quotidien contemporain de plein air. Inspirés par la tradition rurale des haies artisanales en saule et en noisetier, nous avons associé des matériaux modernes pour créer version moderne, revisité du fauteuil rustique. L'aluminium et les fibres synthétiques sont habilement combinés pour créer une assise offrant une excellente qualité perçue au toucher, doublé d'un design qui s'adapte à tous types d'environnements.

La naturaleza transfigurada en moderno mobiliario de exterior. Sobre el entramado rural conformado por los paneles de madera trenzada de sauce y avellano, se combinan materiales modernos para conseguir asientos rústicos al tiempo que actuales y resistentes. En todo un alarde de ingenio, se han entrelazado fibras artificiales y de aluminio para crear un grupo de asientos de tacto exquisito que encajará a la perfección en cualquier entorno doméstico.

GRAND WEAVE LOUNGE

La natura diventa moderno design da esterni. Materiali attuali convivono con l'abile intreccio artigianale di rami di salice e nocciolo conferendo un taglio contemporaneo allo stile rustico del divano. La sapiente intessitura di fibre di alluminio e realizzate a mano dà vita ad un coordinato da esterni squisitamente materico, adatto a qualsiasi ambientazione

TRAY LOUNGE

The outdoor lounge is the place where you hang out, chill out and kick back. Perfect for relaxing in and sharing quality time, the Tray collection is both welcoming and functional thanks to the wide, buffed teak platform that forms both the arm and the backrest which runs the full length of the sofa.

TRAY LOUNGE

Die Outdoor Lounge ist ein Ort der Entspannung, Ruhe und Erholung. Die Tray Kollektion eignet sich perfekt zur Entspannung und um Zeit in netter Gesellschaft zu verbringen – das komfortable und zugleich funktionale Design hat eine breite Plattform aus poliertem Teak, aus dem auch die Armlehne und die über die gesamte Sofalänge durchgehende Rückenlehne gefertigt sind.

Le salon d'extérieur est le lieu où vous pouvez vous détendre et vous reposer. Idéale pour se relaxer et partager de bons moments, la collection Tray est à la fois accueillante et fonctionnelle grâce à la vaste plateforme en teck poli qui forme à la fois l'accoudoir et le dossier sur toute la longueur du canapé.

TRAY LOUNGE

Outdoor lounge: un lugar para disfrutar de la compañía de los demás al aire libre, relajarse y descansar. Perfecto para relajarse y compartir tiempo de calidad, la colección Tray resulta acogedora al tiempo que funcional, gracias a la amplia plataforma de teca pulida que conforma tanto el brazo como el respaldo, y que se prolonga a lo largo de toda la longitud del sofá.

L'outdoor lounge è il posto dove vi riunite, vi rilassate e vi ricaricate. Perfetta per rilassarsi e per condividere tempo di qualità, la collezione Tray è sia accogliente che funzionale grazie all'ampia piattaforma in teak lucidato che forma sia il bracciolo che lo schienale che percorre l'intera lunghezza del divano.

VISTA LOUNGE

Inspiriert von den eleganten Jachten der französischen Riviera, zeichnet sich die Vista Outdoor Lounge Kollektion durch starke, horizontale Linien in fließenden, abgerundeten Formen aus, die ein visuell leichtes und zugleich freundliches Design bilden.

Inspirée par les lignes fluides des yachts de la riviera française, la collection Vista Outdoor Lounge se caractérise par ses lignes horizontales aux formes courbes pour un aspect la fois aérien et accueillant.

Inspirada en los deslumbrantes yates de la Riviera francesa, la colección Vista outdoor lounge se caracteriza por unas marcadas líneas horizontales dispuestas en formas curvas y orgánicas que generan unas formas visualmente ligeras al tiempo que acogedoras.

Ispirata dagli eleganti yacht della Riviera francese, la collezione Vista outdoor lounge è caratterizzata da forti linee orizzontali che generano forme curve fluide che creano una forma visivamente leggera, ma allo stesso tempo accogliente.

CRADLE LOUNGE

Cradle - it's all about creating defined rooms, your own private oasis in the outdoor area, but still open and exposed to the elements - with a sense of enclosure. Luxurious for one, but big enough for two.

Cradle – es geht vor allem um die Schaffung eines echten Raums, Ihrer eigenen, persönlichen Oase im Freien, die zugleich offen und den Elementen ungeschützt ausgesetzt ist, aber ein Gefühl der Geborgenheit vermittelt. Luxus pur für einen, aber groß genug für zwei.

Cradle - il s'agit de créer des pièces définies, votre propre oasis privé dans l'espace extérieur, qui reste malgré tout ouvert et exposé aux éléments - tout en vous enveloppant. Luxueux pour une personne, suffisamment grand pour deux.

Cradle: la idea es crear un espacio delimitado, su propio oasis privado en una zona al aire libre, pero estando abierto al mundo y expuesto a los elementos, sin por ello perder la sensación de intimidad. Todo un lujo para una persona, y lo suficientemente espacioso para dos.

Cradle riguarda la creazione di spazi delimitati, la vostra oasi privata all'esterno, ma ancora aperti ed esposti alle intemperie, con un senso di recinzione. Lussuosa per una persona, ma grande abbastanza per due.

Like shells connect almost seamlessly at the join, so the two parts of this chair join at the back to make an extremely comfortable lounging chair.

Ebenso, wie zwei Muschelhälften fast nahtlos miteinander verbunden sind, so sind auch die beiden Elemente dieses Stuhls im Rückenbereich miteinander verwoben und ergeben einen überaus komfortablen Lounge-Chair.

Rappelant la jointure presque imperceptible des coquillages, les deux parties de cette chaise se rejoignent au dos pour constituer une chaise longue extrêmement confortable.

Del mismo modo que las dos partes de una concha se unen casi sin fisuras en la articulación, las dos piezas de esta silla se unen en el respaldo para conformar una comodísima silla de reposo.

Come le valve delle conchiglie si congiungono quasi ininterrottamente alla cerniera, così le due parti di questa sedia sono unite sulla parte posteriore per formare una poltrona estremamente comoda.

The humble table. A place to meet, a place to eat, a place to share time, experiences and interact with one another. Tables can be large or small, social or intimate. Shapes range from round, through square to rectangular – some can even be extended for when you need to accommodate more people while others fold up for when storage is limited. All in all, the table has quite a job to do, so just as well we offer a wide variety of options to help find the one that is perfect for you.

And the perfect chair should never go unnoticed in the fray of a social occasion. Easy to move and comfortable from first sit to last drink of the night your seating should be the perfect accompaniment to any evening. Whether modern or traditional, conveniently stacking or designed to endure, each chair has its place.

Der gute alte Tisch. Hier trifft man sich, isst zusammen, verbringt Zeit miteinander und tauscht Erfahrungen aus. Tische können groß oder klein, gesellig oder intim sein. Bei den Formen ist von rund über quadratisch bis hin zu rechteckig alles dabei. Manche davon lassen sich sogar erweitern, wenn Sie Platz für mehr Personen brauchen, und andere wiederum lassen sich bei Platzmangel einklappen. Kurzum: Ein Tisch muss viele Aufgaben erfüllen. Deshalb bieten wir eine Fülle an Variationen an, in der Sie garantiert den perfekten Tisch für sich finden.

Der perfekte Stuhl sollte im Aufruhr eines gesellschaftlichen Anlasses nie unbemerkt bleiben. Er sollte einfach zu verschieben und vom Anfang bis zum Ende des Abends rundum bequem sein – das perfekte Accessoire für jede Gelegenheit. Ob modern oder traditionell, bequem stapelbar oder auf Dauerhaftigkeit ausgelegt – jeder Stuhl hat seinen Platz im Leben.

Une table simple. Un lieu où se rencontrer, où manger, où partager du temps, des expériences et échanger avec nos proches. Les tables peuvent être grandes ou petites, sociales ou intimes. Elles se déclinent en un large éventail de formes : rondes, carrées, rectangulaires. Certaines sont même extensibles pour accueillir des personnes en plus, tandis que d'autres se replient lorsque l'espace est limité. En fin de compte, une table a une fonction, c'est pourquoi nous offrons également une grande variété d'options pour trouver la solution qui vous sera idéale.

Et la chaise parfaite ne doit jamais passer inaperçue lors d'un événement social. Facile à déplacer et confortable, de la première minute au dernier verre, vos sièges doivent être l'accessoire parfait de toutes vos soirées. Qu'elles soient modernes ou traditionnelles, facilement empilables ou conçues pour durer, chaque chaise a sa place.

Una sencilla mesa. Un lugar donde encontrarse, donde comer, donde compartir tiempo, experiencias, y relacionarse. Las mesas pueden ser grandes o pequeñas, sociales o íntimas. Las formas varían, desde redondas a rectangulares, pasando por cuadradas; algunas pueden incluso ampliarse para cuando necesitas acomodar a más personas, mientras que otras se pueden doblar cuando hay mucho espacio. Al fin y al cabo, la mesa tiene una función que cumplir, así que por eso te ofrecemos una amplia variedad de opciones que te ayuden a encontrar tu mesa perfecta.

Y la silla perfecta nunca debería pasar desapercibida en el trajín de una ocasión social. Fácil de mover y cómoda desde el primer descanso hasta el último trago de la noche, tus sillas deberían ser el acompañamiento perfecto para cualquier velada. Sea moderna o tradicional, cómoda de apilar o diseñada para durar, toda silla tiene su lugar.

L'umile tavolo. Un luogo d'incontro, dove si mangia, si condivide il tempo, le esperienze e si interagisce con gli altri. I tavoli possono essere grandi o piccoli, socievoli o intimi. Le forme vanno dal rotondo al rettangolare passando per il quadrato - alcuni possono essere addirittura estesi per quando hai bisogno di spazio per più persone, mentre altri sono ripiegabili per quando lo spazio è limitato. In definitiva, il tavolo è importante, ed è per questo che vi offriamo una vasta varietà di opzioni per trovare quello che fa al caso vostro.

E la sedia perfetta non dovrebbe mai passare inosservata durante le occasioni. Facile da spostare e comoda, dalla colazione fino all'ultimo drink, la tua sedia dovrebbe essere la compagna perfetta di ogni serata. Moderna o tradizionale, comodamente pieghevole o pensata per durare, ogni sedia ha il suo posto.

MIX & MATCH

Tables offer the perfect starting point to mix and match. Experiment with different frame colours, sizes and table top materials to find the configuration that fits both your style and your space. Finally, choose the right chair to combine - maybe even several different styles for that truly individual look...

SPLIT TABLE

The legs of the Split table have a very characteristic look with an inverted 'Y' construction and tapering form, which emphasises a light and subtle connection to the ground. The uneven cutting of the table top slats adds an organic look, whilst tricking the eye with a visual surprise.

Die Beine des Split Tisches zeichnen sich mit einer umgedrehten „Y“-Konstruktion sowie einem insgesamt schmal zulaufenden Design durch eine besonders charakteristische Optik aus, die seine leichte, schwebend wirkende Verbindung zum Boden betont. Die unregelmäßige Leistenbreite der Tischplatte verspricht einen organischen Look und sorgt für eine visuelle Überraschung.

Les pieds de la table Split ont un aspect unique : caractérisés par la construction en "Y" inversé et une forme fuselée, ils soulignent la connexion à la fois légère et subtile avec le sol. La coupe inégale du plateau ajoute une note organique et se joue du regard en lui offrant une surprise visuelle.

Las patas de la mesa Split poseen un aspecto muy característico, con una construcción en 'Y' invertida y una forma decreciente que pone de relieve el contacto ligero y sutil con el suelo. El corte irregular del tablero de la mesa añade un toque orgánico y resulta sorprendente a la vista.

Le gambe del tavolo Split hanno un aspetto molto caratteristico con una costruzione a 'Y' capovolta e una forma affusolata, che mette in evidenza una connessione leggera e sfumata al terreno. Il taglio non uniforme del piano del tavolo aggiunge un look organico, ingannando e sorprendendo l'occhio.

CARVER TABLE

CARVER TABLE

In the same way that an artist carves in stone or wood to create a unique form, the same way of thinking has been applied to the Carver tables, where the cross-rail and legs have been subtly sculpted, like pieces hewn from a solid block.

Die gleiche Kreativität, mit der ein Künstler einzigartige Skulpturen aus Stein oder Holz fertigt, wurde auch auf unsere Carver Tische angewendet, dessen Querstreben und Beine dezent geformt wurden – wie aus einem Stück gemacht.

Les artistes sculptent la pierre ou le bois pour créer une forme unique, et le même mode de pensée s'applique aux tables Carver, dont la traverse et les pieds ont été délicatement sculptés comme des pièces taillées d'un seul bloc.

Del mismo modo que un artista talla la piedra o la madera para crear una forma única, hemos aplicado esta misma filosofía a las mesas Carver, en las que el travesaño y las patas han sido esculpidas con gran sutileza, como piezas labradas a partir de un bloque macizo.

Esattamente come un artista scolpisce la pietra o il legno per creare una forma unica, lo stesso modo di pensare è stato applicato ai tavoli Carver, dove la traversa e le gambe sono state scolpite astutamente ricavandole da un blocco solido.

SWAY DINING

In outdoor situations we often spend more time relaxing and lounging, and when dining we tend to take our time. So why not make the situation as comfortable as possible, with a cantilever construction and a sling seat that is flexible enough to provide a soft landing?

Im Außenbereich verbringen wir oft mehr Zeit mit Entspannung und Muße, und zum Essen lassen wir uns Zeit. Warum sollten wir es uns also nicht so angenehm machen wie möglich – mit einer Freischwinger-Konstruktion und flexibler Sling-Sitzfläche, die enormen Komfort bietet?

Quand nous sommes à l'extérieur, nous passons souvent plus de temps à nous relaxer et à nous détendre, et quand nous dînons, nous avons tendance à prendre notre temps. Alors pourquoi ne pas rendre la situation aussi confortable que possible, avec une construction cantilever et un siège suspendu suffisamment flexible pour vous accueillir tout en douceur?

En contextos al aire libre solemos pasar más tiempo recostados y relajándonos, y al comer tendemos a tomarnos nuestro tiempo. Así que, ¿por qué no hacer la experiencia lo más cómoda posible, con un diseño en voladizo y un respaldo textil lo suficientemente flexible para permitir un aterrizaje suave?

Nelle situazioni all'esterno spesso trascorriamo più tempo a rilassarci e riposare, e durante pranzi e cene tendiamo a soffermarci a lungo. Allora perché non rendere la situazione più comoda possibile, con una costruzione a sbalzo e una seduta in fibra sintetica sufficientemente flessibile per fornire un atterraggio morbido?

CURVE DINING & SEATING

Like the desert sand define the dunes, so the soft curve in the backrest defines the Curve chair. Even though the materials are weatherproof and durable, the inspiration and the task was to make the chair both comfortable and welcoming.

Ebenso wie Sand und Dünen eine Wüstenlandschaft auszeichnen, so zeichnet die Rückenlehne den Curve Stuhl aus. Obwohl die Materialien wetterfest und langlebig sind, bestanden Inspiration und Aufgabe darin, diesen Stuhl sowohl bequem als auch einladend zu gestalten.

Tout comme le sable du désert définit les dunes, la douce courbe du dossier définit la chaise Curve. Même si les matériaux sont imperméables et durables, l'inspiration et la tâche qui s'offrait à nous consistaient à rendre la chaise aussi confortable qu'accueillante.

Del mismo modo que las dunas se definen por la arena del desierto, la sutil curva del respaldo define a la silla Curve. Aunque los materiales son impermeables y resistentes, la idea y el objetivo eran hacer de esta silla un mueble tan cómodo como acogedor.

Come la sabbia del deserto definisce le dune, così la morbida curva nello schienale definisce la sedia Curve. Anche se i materiali sono impermeabili e durevoli, l'ispirazione e il compito era di rendere la sedia sia comoda che accogliente.

DANSK

Traditional and modern materials combine in the Dansk collection to create imposing yet welcoming forms. Light, tactile and pleasant to the eye, Dansk strikes a familiar chord with its clean, tapering lines that hark back to a classic Danish furniture design for all seasons.

In der Dansk Kollektion kommen traditionelle und moderne Materialien zusammen und vereinen sich zu einem auffallenden doch zugleich einladenden Design. Leicht, taktil und optisch ansprechend, wirkt Dansk durch die schlichten, schmal zusammenlaufenden Linien im Stil des klassischen dänischen Möbeldesigns für jede Jahreszeit angenehm vertraut.

Avec la collection Dansk, les matériaux modernes et traditionnels s'associent pour créer des formes à la fois imposantes et accueillantes. La collection Dansk, légère et tactile, sait séduire le regard et ses lignes nettes et fuselées évoquent le design classique des meubles danois pour toutes les saisons.

La colección Dansk combina materiales tradicionales y modernos para crear formas imponentes al tiempo que acogedoras. Con su ligereza, su tacto agradable y su aspecto encantador, Dansk resulta familiar por sus líneas limpias y decrecientes que nos remontan a un diseño de mobiliario clásico danés, ideal para cualquier estación.

Materiali tradizionali e moderni si combinano nella collezione Dansk per creare forme imponenti ma allo stesso tempo accoglienti. Leggera, tattile e visivamente piacevole, con le sue linee pulite affusolate, la collezione Dansk rievoca un design di mobili danesi classico per tutte le stagioni.

VOYAGER LOUNGE

Inspired by the campaign furniture from the colonial era, the Voyager collection evokes a contemporary look with a vintage allure. Portable, practical and with a fresh, seaside colour palette, each item is engineered to quickly assemble for use, then fold or break down for storage or transport in accordance with the classic campaign style.

Die Voyager-Kollektion erinnert mit ihrem zeitgenössischen Look und ein wenig Vintage-Flair an die Kampagnenmöbel der britischen Kolonialzeit. Die praktischen, transportfähigen Möbel zeigen sich mit einem Farbkonzept aus frischen, maritimen Farben. Jeder Artikel lässt sich im Einklang mit dem klassischen Kampagnenstyle schnell aufbauen und für den Transport oder zur Lagerung komplikationslos wieder zusammenlegen.

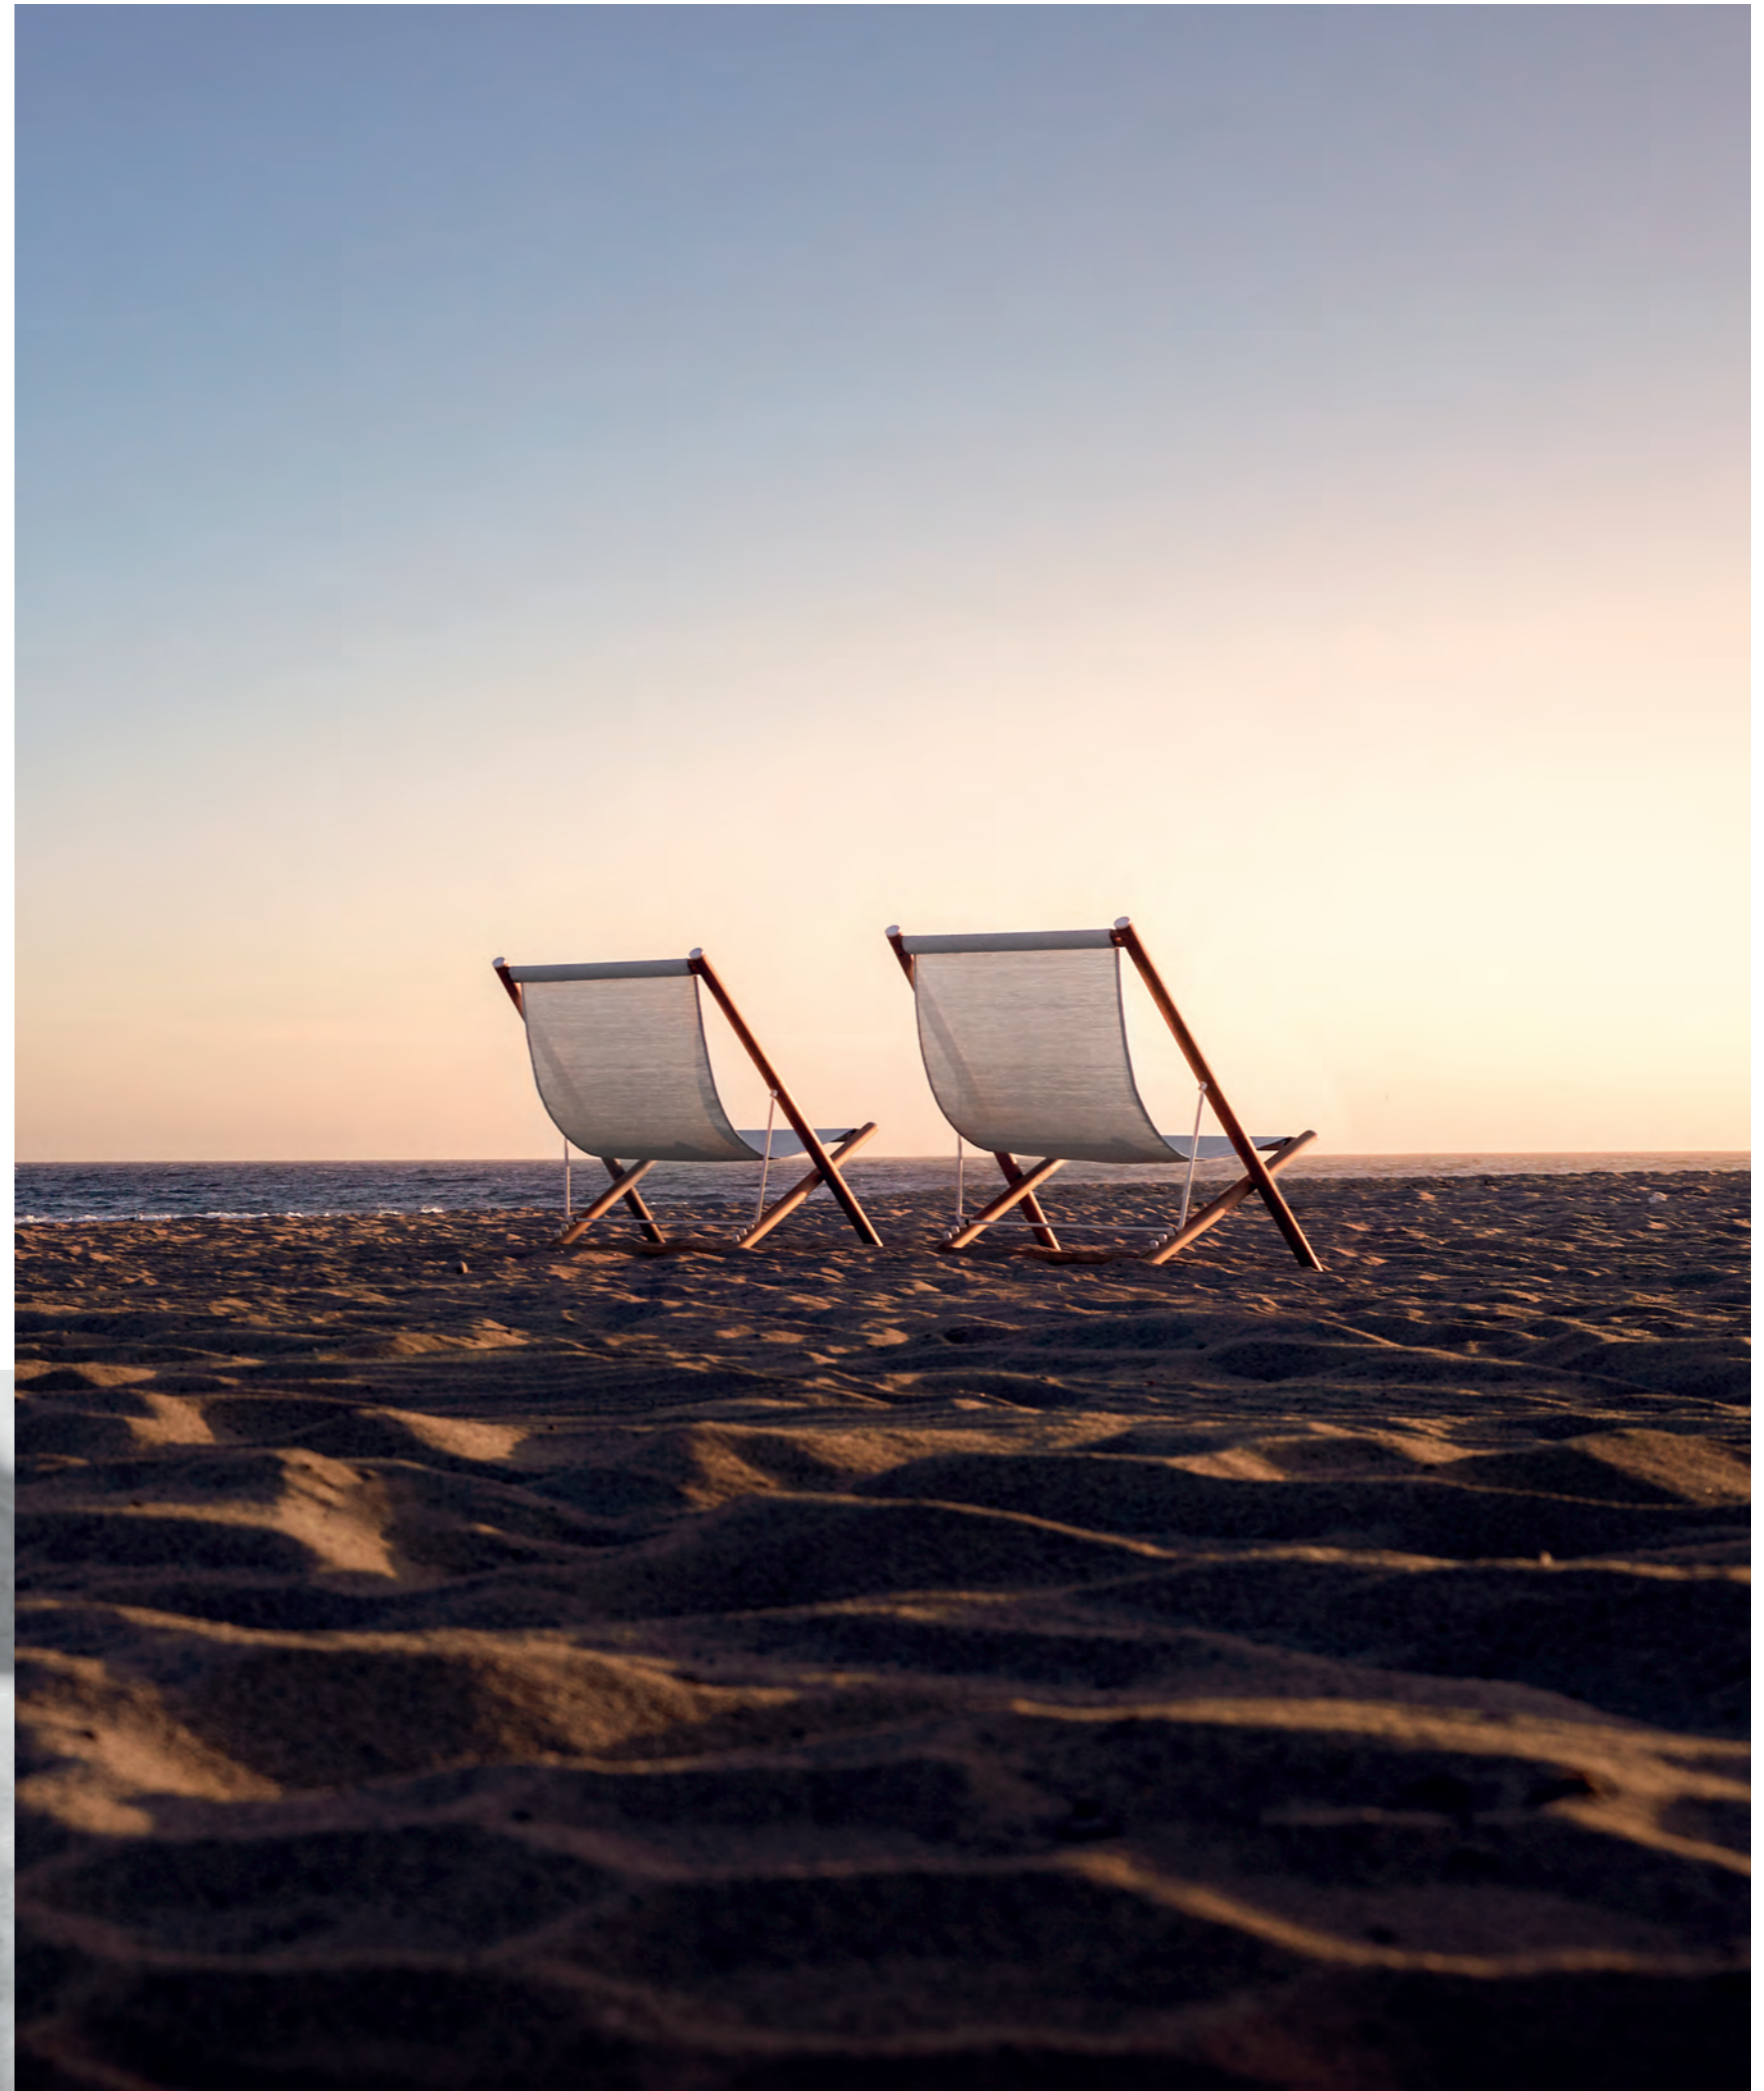

Inspirée des meubles de l'ère coloniale, la collection Voyager offre un harmonieux mélange d'allure contemporaine et de look vintage, qui se décline en une palette aux tons marins d'une grande fraîcheur. Portable et pratique, chacun des articles est conçu pour être facile à assembler rapidement lors de chaque usage, puis plié ou désassemblé pour être rangé ou transporté. Un style classique, conforme à celui des campagnes coloniales.

VOYAGER DINING & LOUNGE

Inspirada en el mobiliario de campaña de la era colonial, la colección Voyager evoca un aspecto contemporáneo con aires vintage. Todos los artículos son portátiles y prácticos, con una paleta de colores fresca y costera, y han sido diseñados de forma que puedan ser montados y utilizados rápidamente, y plegados o desmontados para almacenarlos o transportarlos al más puro estilo del mobiliario clásico de campaña.

Ispirata agli arredi da campo di epoca coloniale, la collezione Voyager è caratterizzata da uno stile contemporaneo con un'anima vintage. Pratico e ideale per il viaggio, dotato di un genuino gusto per l'esplorazione, ogni articolo è stato realizzato per poter essere rapidamente montato, ripiegato e scomposto, pronto per essere conservato o portato dovunque in trasferta.

TWENTY FOUR YEARS SERVICE THAT MAKES FOR A CLASSIC

Graduating from the School of Architecture in Aarhus, Denmark in 1986, Povl Eskildsen is Gloster's longest serving designer. His first meeting with Gloster was during a furniture fair in Copenhagen in 1992 where he presented the iconic Weston Folding Chair. Unlike other folding chairs of the time, Povl had designed the Weston with innovative lumbar support in the back and using a different folding principle, to keep the front of the seat visible when folded and with a simple, integrated handle used for folding and carrying the chair.

Following the success of Weston, which at its peak sold over 20,000 pieces per year, in 1995 Povl went on to add the Madison collection - the first step towards the low, lounge type seating so evident today. In the same year Povl designed Kingston - one of the first truly comfortable and practical outdoor teak dining chairs. The idea was to make a lightweight arm chair that both saved teak and also allowed people to easily move the chair around. With only a minor correction on the prototype, the collection went into production and became an instant success.

Povl's ability to incorporate exceptional comfort into his designs without compromising the visual aesthetic, marks him out amongst his peers. Using a design language of classic Scandinavian inspiration with a contemporary twist, Povl has gone on to design many other collections for Gloster in both teak and mixed materials over the past 24 years, racking up more 50 trips to Gloster's manufacturing site in Indonesia in the process. For 2017, the iconic Weston design has been brought up-to-date within the Voyager collection, and further iconic designs such as Dansk, Maze and Havana continue Povl's legacy into the new millennium.

The chair designed to fit like a glove. Light, powder coated frames carry the signature, curved teak slats that define the design language of William. And where your hands meet the frame, once again soft teak provides the touch.

Das Design dieses Stuhls passt sich Ihren Formen an wie eine zweite Haut. Das William Design überzeugt mit leichten, pulverbeschichteten Rahmen und den charakteristischen, abgerundeten Teakholzlammellen. Für eine angenehme Haptik sind die Armlehnen mit weichem Teakholz versehen.

Ce fauteuil est conçu pour épouser votre corps et vous offrir un maximum de confort. Un cadre léger laqué époxy supporte les lattes distinctives en teck incurvé qui définissent le langage du concept William. Deux lattes en teck parfaitement poli agrémentent aussi les accoudoirs aux endroits où vos mains rencontrent le cadre.

La silla diseñada para sentar como un guante. El ligero bastidor con recubrimiento de pintura en polvo sostiene sus inconfundibles listones curvados de teca, que conforman las claves del diseño de William. Y al entrar en contacto con el bastidor, su mano percibirá, de nuevo, el suave tacto de la teca.

William è una sedia progettata per adattarsi alle tue forme. La leggera intelaiatura verniciata a polvere si accompagna alle doghe ricurve in teak di prima scelta per un risultato di assoluta originalità. Teak vellutato anche sul bracciolo... perché anche il tatto vuole la sua parte.

THE TEAK STORY

226
227

A luxury timber valued both for its beauty and strength, teak is indigenous to just four countries in the world - Burma, Laos, Thailand and India. However, due to excessive, unsustainable logging over the past century, natural teak forests have practically disappeared in all of these countries except for Burma.

Fortunately for the world, teak continues to flourish in plantations throughout South and Southeast Asia, Africa and Latin America. It is from the well-managed, Indonesian plantations of state-owned Perum Perhutani, on the island of East Java, that we source our teak.

We asked Molyono, the Sawmill Manager at our factory in Indonesia, to fill us in on a few interesting facts about the plantation teak we use to make our furniture...

What is so challenging about sourcing teak?

Teak is one of the most sought after timbers for high end furniture production and as such there is a growing Global demand. Teak is not indigenous to Indonesia, it was brought to Indonesia by the Buddhist monks in the 16th Century from Burma and it was then expanded into larger plantations by the Dutch to service their ships plying the Dutch East Indies spice routes.

All Indonesian teak comes from plantation sources controlled by Perum Perhutani, the government body that controls all the plantations across Indonesia.

To ensure Gloster can obtain sufficient teak resource, we have a team of 22 graders who spend the majority of their time travelling to over 30 different locations across Java to select the ideal logs for our production. When selecting logs, our graders select the best logs with the fewest natural defects. This way, we ensure we obtain the best quality and yield recovery to maximise this valuable resource.

What's the ideal conditions for a teak plantation in Indonesia?

Teak trees are not indigenous to Indonesia but the climatic conditions on Java are ideal for growing teak. Teak grows best in sub-tropical conditions with temperatures ranging between 17 - 43 Celsius and with an annual rain fall of 1250 - 3750mm. In Java, teak can grow on a variety of soils, but for the best results, it needs moderately fertile soil with humus rich top soil - well aerated and free draining.

How would you characterise the teak wood in general?

Teak is widely known as the most valuable tropical hardwood and is mainly used for luxury furniture, ship and decorative building purposes. With its high natural oil content, teak withstands extreme weather conditions and is extremely stable once properly seasoned by kiln drying.

How can you identify the perfect Indonesian teak wood in terms of age, appearance & oil content?

Symmetrical in shape with limited surface defects such as knots and scaring. We look to choose logs that have a thin sapwood layer, which normally also goes hand in hand with a tree that has grown at a slower growth rate, meaning higher levels of density and oil content. We only choose logs with a minimum age of approximately 35 years and upwards to ensure the timber is of sufficient quality, whereas other companies use teak which is only 10 years old and has little density or oil content.

Any other stories to tell about teak wood on Java?

Teak plantations are really no different than any other crop, except that the growing cycle is far longer. It can take anything from 35 to 50 years for a teak tree to fully mature - Teak is a noble material and not something that can be rushed! The teak plantations in Java have been managed over countless generations by Perum Perhutani, and today their plantations comprise some 1.1 million hectares of teak, making them the largest teak plantations in the entire world. Perum Perhutani also works extensively with local communities during the rotational plantation cycle, where they allow the villagers to plant crops during the spell period between harvests.

BUFFED TEAK

Gloster buffed teak benefits from an enhanced surface preparation procedure, where the natural oils already contained within the teak are brought to the surface and burnished to produce a rich sheen and a consistent colour.

Used indoors, protected from moisture and ultraviolet light, the buffed surface finish and the rich colour will endure. Some occasional maintenance and re-touching may be required, but this can be quickly and easily completed using our buffed teak care kit.

Used outdoors, buffed teak will weather exactly the same as natural teak when exposed to the elements. After the first few exposures to water, you should expect the surface grain to rise slightly, but there will be significantly less raised grain on buffed teak than on natural finish teak. Over time, the natural teak colour will also begin to fade away and the furniture will gradually weather to a soft, silver-grey.

Poliertes Teak von Gloster zeichnet sich durch ein verbessertes Verfahren zur Oberflächenbehandlung aus, bei dem die bereits im Holz befindlichen natürlichen Öle an die Oberfläche gebracht und poliert werden, um einen herrlichen Glanz und eine gleichmäßige Farbgebung hervorzurufen.

Im Innenbereich, geschützt vor Feuchtigkeit und ultraviolettem Licht, bleiben Oberflächenstruktur und reiche Farbgebung erhalten. Eine gelegentliche Pflege und Wiederauffrischung sind eventuell erforderlich, aber dies lässt sich mithilfe unseres Pflegesets für poliertes Teak aber schnell und leicht erledigen.

Bei einer Verwendung im Außenbereich verwittert poliertes Teak ganz genauso wie natürliches Teak, wenn es den Elementen ausgesetzt ist. Nachdem es einige Male mit Wasser in Kontakt gekommen ist, wird sich die Oberflächenstruktur leicht aufräuen, aber diese Aufräuerung zeigt sich bei poliertem Teak wesentlich geringer als bei einer Oberfläche aus natürlichem Teak. Mit der Zeit wird der natürliche Teak-Farbton verblassen und die Möbelstücke bekommen eine weiche, silbergraue Färbung.

Le teck poli de Gloster bénéficie d'une procédure de préparation de surface particulière : les huiles naturelles contenues à l'intérieur du teck sont amenées à la surface et polies pour produire un riche lustre et une couleur unie.

Utilisé à l'intérieur, protégé de l'humidité et des rayons ultraviolets, la finition polie et la riche couleur résisteront aux épreuves du temps. Un entretien occasionnel et des retouches peuvent être nécessaires, mais le processus se fait rapidement et facilement à l'aide de notre kit d'entretien pour teck poli.

Utilisé à l'extérieur, exposé aux éléments, le teck poli mûrira de la même façon que le teck naturel. Après les premières expositions à l'eau, attendez-vous à ce que les grains de surface remontent légèrement, mais ce phénomène sera nettement moins visible sur le teck poli que sur le teck à finition naturelle. Avec le temps, la couleur naturelle du teck commencera aussi à changer et les meubles adopteront progressivement une douce couleur gris argent.

La teca pulida de Gloster se beneficia de un tratamiento optimizado de preparación que saca a la superficie los aceites naturales que la teca contiene de por sí, y de un proceso de pulimentado que permite conseguir un brillo exuberante y un color uniforme.

Si utiliza el mueble en el interior y lo protege de la humedad y los rayos ultravioletas, el acabado pulido de la superficie y el intenso color permanecerán intactos. Aunque podrían requerirse algunas labores ocasionales de mantenimiento y retoque, estas pueden llevarse a cabo de forma rápida y sencilla con nuestro kit de mantenimiento de la teca pulida.

Si la utiliza en el exterior, la teca pulida se desgastará exactamente igual que la teca natural cuando está expuesta a los elementos. Tras las primeras exposiciones al agua, no debe sorprenderle que el grano de la superficie aumente ligeramente, aunque en cualquier caso este aumento será bastante menor en la teca pulida si la comparamos con la teca de acabado natural. Con el tiempo, el color de la teca natural también comenzará a perder intensidad, y el mueble irá adquiriendo progresivamente un tono suave gris plateado.

Il teak lucidato Gloster si avvale di una procedura di preparazione migliorata della superficie, dove gli oli naturali già contenuti nel teak sono portati alla superficie e bruniti per produrre una ricca lucentezza e un colore consistente.

Quando il teak è usato all'interno, protetto dall'umidità e dalla luce ultravioletta, la finitura lucida della superficie e il ricco colore durano a lungo. Un po' di manutenzione ogni tanto o qualche ritocco sono probabilmente necessari, ma possono essere completati con rapidità e facilità con il nostro kit per la cura del teak lucidato.

Quando è usato all'esterno, il teak lucidato resiste esattamente come il teak naturale quando è esposto alle intemperie. Dopo le prime esposizioni all'acqua, la venatura della superficie si rialza leggermente, ma significativamente meno sul teak lucidato che sul teak a finitura naturale. Col tempo, il colore naturale del teak inizia inoltre ad attenuarsi e i mobili diventano gradualmente di un morbido colore grigio-argento.

TEAK WEATHERING

230
231

Contrary to popular belief, teak furniture does not require any special maintenance routine or any additional protection apart from occasional cleaning. Left to age naturally outside, teak will gradually change to a soft, silver-grey as the pigments in the surface layer of the wood begin to fade away. We recommend that you allow your teak furniture to weather naturally this way and simply clean thoroughly once or twice a year with our cleaning products. Teak furniture may also benefit from an occasional light sanding to remove any raised grain and restore a smooth finish to the surface.

Entgegen der landläufigen Meinung erfordern Teakmöbel neben einer gelegentlichen Reinigung keine besondere Pflegeroutine oder zusätzliche Schutzmaßnahmen. Wenn Teak auf natürliche Weise im Außenbereich altert, nimmt es einen weichen, silbergrauen Farbton an, denn die Pigmente in der oberflächenschicht des Holzes beginnen zu verblassen. Wir empfehlen, Ihre Teakmöbel auf diese Art natürlich altern zu lassen und sie lediglich ein- oder zweimal jährlich sorgfältig mit unseren Pflegeprodukten zu reinigen. Außerdem kann man Teakmöbel gelegentlich sanft abschleifen, um eine aufgeraute Oberfläche zu glätten.

Natural Teak

Weathered Teak

Contrairement à certaines idées reçues, les meubles en teck ne nécessitent pas d'entretien particulier ou de protection supplémentaire : un nettoyage occasionnel suffit. Le teck, qui vieillira naturellement à l'extérieur, changera progressivement de couleur pour devenir gris argent, ce qui se produit lorsque les pigments de surface commencent à se décolorer. Nous vous recommandons de laisser vos meubles en teck vieillir naturellement de cette façon : nettoyez-les simplement avec soin une à deux fois par an avec nos produits de nettoyage. L'ameublement en teck pourra également bénéficier d'un ponçage occasionnel et délicat pour éliminer les grains remontés à la surface et restaurer une finition lisse.

Contrariamente alla credenza popolare, a parte una pulizia saltuaria, i mobili in teak non richiedono una particolare routine di manutenzione o qualsiasi protezione aggiuntiva. Lasciato a invecchiare naturalmente all'esterno, il colore del teak diventa gradualmente un morbido grigio-argento, con la graduale attenuazione dei pigmenti nello strato superficiale del legno. Vi raccomandiamo di lasciar invecchiare i mobili in teak naturalmente in questo modo e di pulirli semplicemente con cura una o due volte l'anno con i nostri prodotti detergenti. I mobili in teak possono anche trarre beneficio da una leggera levigatura periodica per rimuovere qualsiasi venatura rialzata e lisciare la superficie.

Al contrario de lo que suele creerse, el mobiliario de teca no requiere un mantenimiento especial ni protección adicional más allá de su limpieza ocasional. Si la dejamos envejecer de forma natural en el exterior, la teca adquirirá gradualmente un tono gris plateado suave, a medida que los pigmentos presentes en la capa superficial de la madera comienzan a desaparecer. Le recomendamos que deje envejecer su mobiliario de teca de forma natural de esta forma, y que se limite a realizar una limpieza intensiva una o dos veces al año, utilizando para ello nuestros productos de limpieza. El mobiliario de teca también puede beneficiarse de un ligero lijado ocasional para eliminar el grano aumentado y devolver un acabado suave a la superficie.

CARE & MAINTENANCE

Someone once said the best things in life are free. We love the sentiment but have to concede that some wonderful things come at a price and some things, no matter how perfect, demand attention. We know that you have invested in furniture designed to look great and endure and we have used our years of expertise to offer the best advice and products we can to ensure your furniture stays in the best condition for as long as possible. Like a car or home, a little care and maintenance will ensure your furniture continues to bring you pleasure year after year.

Jemand hat einmal gesagt, dass die schönsten Dinge im Leben kostenlos sind. Dieses Prinzip gefällt uns, aber wir müssen gestehen, dass einige wunderbare Dinge ihren Preis haben, und manche Dinge – ganz egal, wie perfekt sie sein mögen – bedürfen unserer Aufmerksamkeit. Wir wissen, dass Sie in Möbeldesign investiert haben, das großartig aussehen und lange halten soll, und wir haben unsere jahrelange Erfahrung dazu genutzt, Sie bestmöglich zu beraten und Ihnen die besten Produkte anzubieten, um zu gewährleisten, dass Ihre Möbel so lange wie möglich in einem hervorragenden Zustand bleiben. Ebenso wie bei einem Auto oder Haus sorgen auch hier ein wenig Pflege und Aufmerksamkeit dafür, dass Ihre Möbel Ihnen Jahr für Jahr Freude bereiten.

On dit que les meilleures choses dans la vie sont gratuites. Si nous aimons l'esprit de cette devise, il nous faut tout de même concéder que certaines merveilles ont un prix et demandent de l'attention, quel que soit leur niveau de perfection. Nous savons que vous avez investi dans de superbes meubles conçus pour durer, et forts de nos années d'expertise, nous offrons les meilleurs conseils et produits pour assurer que votre

ameublement reste dans la meilleure condition aussi longtemps que possible. Comme c'est le cas pour une voiture ou une maison, grâce à un petit effort d'entretien, vos meubles resteront une source de plaisir année après année.

Alguien dijo alguna vez que las mejores cosas de la vida son gratis. Aunque nos encanta esta idea, lo cierto es que algunas cosas maravillosas tienen precio y otras, por muy perfectas que sean, exigen que se les preste atención. Somos conscientes de que ha invertido en mobiliario diseñado para tener un aspecto fantástico y durar, y hemos empleado nuestra dilatada experiencia en ofrecer el mejor asesoramiento y los mejores productos posibles, a fin de garantizar que sus muebles permanecen en un estado óptimo durante tanto tiempo como sea posible. Al igual que con un coche o una vivienda, tan solo deberá dedicar un poco de cuidado y mantenimiento para asegurarse de que sus muebles siguen dándole alegrías año tras año.

Qualcuno ha detto una volta che le cose migliori nella vita sono gratuite. Amiamo il sentimento, ma dobbiamo ammettere che certe cose meravigliose costano e che alcune cose, per quanto possano essere perfette, richiedono attenzione. Sappiamo che avete effettuato un investimento in mobili creati per essere belli e durare a lungo e abbiamo impiegato i nostri anni di esperienza per offrire i consigli e i prodotti migliori possibili affinché i vostri mobili rimangano nelle migliori condizioni più a lungo possibile. Come un'autovettura o una casa, con un po' di cura e manutenzione i vostri mobili continueranno a darvi piacere anno dopo anno.

Gloster outdoor covers are made from taupe coloured Weathermax, a heavy duty 100% solution dyed polyester material. Weathermax is a performance cover material combining UV resistance, water resistance, breathability and durability. The ability of the fabric to breathe is essential in reducing dampness, heat build-up and condensation. This in turn reduces the chances of problems such as mould or mildew becoming present on the furniture underneath. We also add a 'breather' layer of Dacron where the covers are in contact with flat teak parts like table tops to further aid breathability.

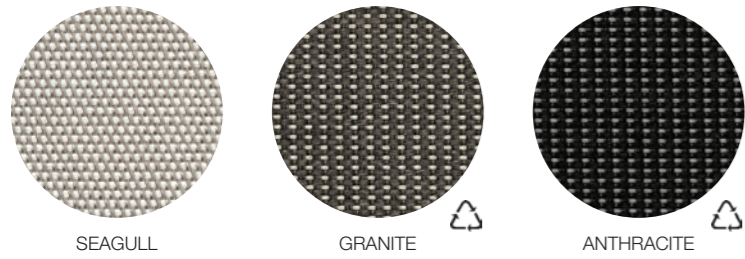

To ensure optimal performance, in particular when upholstered furniture and/or cushions are being covered for an extended period (i.e. over the winter), all items of furniture should be completely dry before being covered. For cushions we recommend fully drying the cushions indoors before fitting covers. This is to ensure that all moisture is removed from the cushion interior.

With typical attention to detail, each cover is tailored to the unique dimensions of our product, ensuring a perfect fit. As well as covers for individual items, we also offer covers for all our stacking chairs, meaning that a single cover can be used for a stack of four chairs. For several of our modular furniture collections, adjacent covers are designed to zip together so the entire set can be covered without the need to separate each item. All covers feature either a strap-and-clip connector or elastic seams to ensure security against wind.
